Mission

The African American Chamber of Commerce of New Jersey, Inc., (AACCNJ) is dedicated to economically empowering and sustaining African American communities through entrepreneurship and capitalistic activities within the State of New Jersey and via interaction with the National Black Chamber of Commerce, Inc. (NBCC).

At Work...Building Business Success Together

The AACCNJ serves as the mechanism for communication, program creation, training, and strategic implementation of solutions that address economic disparities among minority business enterprises throughout New Jersey.

Part of the Chamber’s capacity to assist companies that have reached a critical state in business growth and development stems from our diverse network of customized workforce-educational training programs. Each program is customized to address industry needs and improve performance levels of incumbent workers.
