

# Investment Losses In 2008?

401(k) Crises 2008? IRA? Savings Plan? [Need a Financial Strategy?](#)

**Educational Seminar on an Investment Style that until recently was primarily only available to the Wealthy.**

- **Do you have a financial strategy to take you into retirement?**
- **What is the greatest fear most people have when they retire?**
- **What do people who successfully retire have in common?**
- **What is a retirement plan and how do I get started?**
- **Based on my current age how should I structure my retirement plan?**
- **What can I do now to have my finances in order before I retire?**
- **I've procrastinated about saving money for my retirement. How do I jump start my retirement plan?**
- **Should I consider putting some or all of my savings in a CD or Money Market fund? Where should I put it?**
- **Where can I invest my money that has better returns than a CD or Money Market fund and reduced risk to long term market declines?**
- **How much will I need to save monthly to get to my retirement goal?**
- **Do you have a budget that you follow?**
- **Are any of your current investments managed by a *Global Investment Performance Standard* certified professional money manager?**
