Grand Canyon Helicopter & El Dorado Canyon Ranch

Details

Taking off with Papillon Grand Canyon Helicopter is your best bet to see stunning sections of the southwest. Lifting off from Boulder City you'll see historic landmarks and scenic beauty, like the Hoover Dam and Lake Mead. See Black Canyon extinct volcanoes, and Fortification Hill as you make your way towards Grand Canyon West.

High above the west rim you'll look down on the Hualapai's private land and see all the attractions that bring over 200,000 visitors a year, including the Glass

Skywalk

Since you have already travelled to Boulder City we are able to give you a

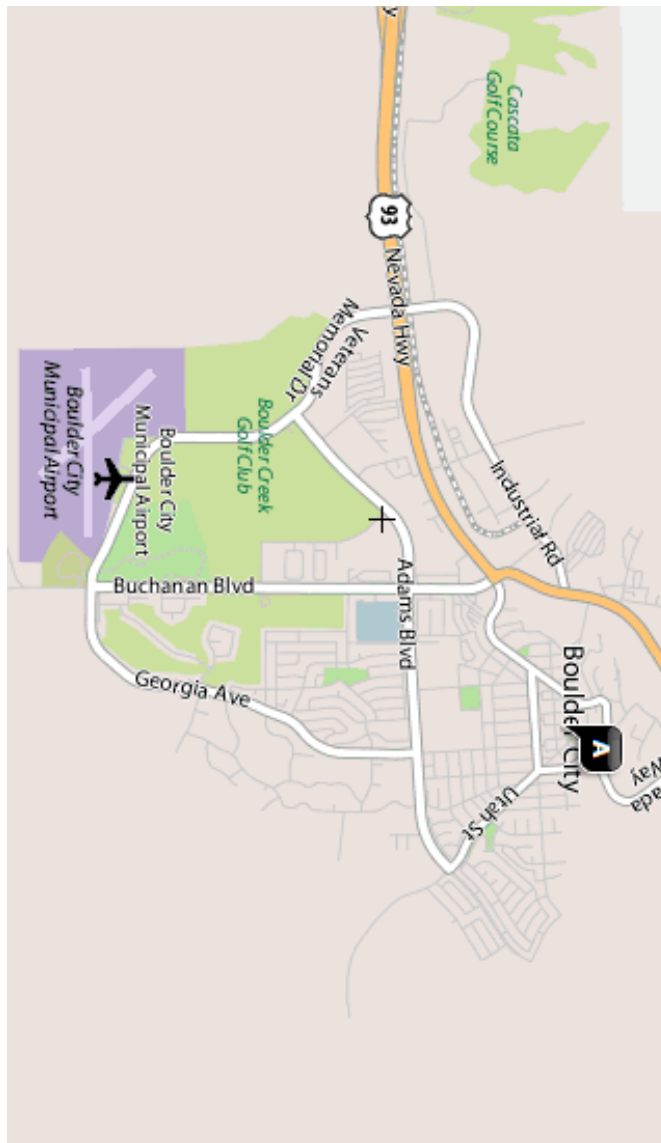

\$20 OFF Coupon.

The majority of our passengers are staying in Las Vegas and we transport them to Boulder City Airport for their tour.

Map of Boulder City and the Boulder City Airport

A short flight away, at the mouth of the Colorado River, is El Dorado Canyon, the site of the biggest mining boom in early Nevada history. After your helicopter touches down at El Dorado, you'll spend fifteen minutes exploring the Old West that's home to abandoned mines and desert scenery, all while enjoying a glass of champagne.
