

I am Pearl Johnstone, owner of Professional Pet Room & Groom. I am in a position of not being able to work for a month because of surgery on my left arm. I needed to give my healing time extra purpose, and gain experience using our new Thera-Clean bathing system.

With the help of Dr. Nancy Brandt, DVM, I found a family with a cocker spaniel named "Shadow". Shadow has severe skin problems. I am donating my time, boarding & Thera-Clean baths to Shadow. The Thera-Clean will remove build-up of oils on the skin and debride the flakey skin and scabbing so her veterinary treatments can penetrate deeper into her pores. Shadow will be staying with us at our boarding facility and having Thera-Clean baths every three days.

I will be sharing her progress with Thera-Clean baths by pictures and some observations through the Boulder City Chamber of Commerce.
