

West-MEC Southwest Campus

Mock Interview Day

Wednesday, April 25, 2018

The Southwest Campus will be conducting Mock Interviews for our students on **Wednesday, April 25th**.

We would greatly appreciate your assistance in this process by taking part of your day, (morning or afternoon) and interviewing a set of students.

Interview questions and a rubric will be provided for the student interview process. We hope that you will take the time to be a part of this important day for our students as they prepare for CTSO competitions, externships or job interviews in the near future.

If you are available to participate please email me specifying the session that would work best for you.

Thank you,
Brian Wright, Career Services Coach
Leticia Reyna-Stroud, Assistant Campus Administrator
