# What is the Inspiration Nation?

- *Greetings from the Inspiration Nation! It has been said that "**Inspiration is the new currency for a down payment on an abundant Life!**" Michael S. Jones 2012 I am so excited about this movement called the Inspiration Nation! It was started to help people to take a daily stand on "positive island" which is located in the "sea of negativity!" My clients get a positive inspirational message through quotes, videos, and scriptures each day to engage the power of inspiration in their lives.*

Mr. Les Brown

Trust in the power of possibility. Regardless of what you are facing....create an opening for growth in all circumstances. Don't demand it or force it. Create a space for growth in your life. Nurture this space and make it expansive. Know that it is present and available for you...even if you can't see it, touch it or feel it at the moment. It will come...in time. Believe it and you will achieve it. You have something special. You have **GREATNESS** within you!

School bookkeeper Antoinette Tuff is being hailed as a hero after she averted what could have been a catastrophic elementary school shooting in an Atlanta suburb.

“Now the alternative to despair is courage. And human life can be viewed as a continuous struggle between these two options. Courage is the capacity to affirm one's life in spite of the elements which threaten it. The fact that courage usually predominates over despair in itself tells us something important about life. It tells you that the forces that affirm life are stronger than those that negate it.”

- *The ideal situation for a man or woman to die is to have family members standing... with them as they cross over. But imagine, if you will, being on your death-bed... and standing around your bed are the ghosts of the ideas, the abilities, the talents, the gifts, the dreams... given to you by life, that you for whatever reason... you never pursued those dreams, you never did anything with those ideas, you never used those talents, you never used those gifts, you never took advantage of those opportunities... And there they are... standing around your bed, looking at you before you take your last dying breath, looking at you with angry eyes saying, "We came to you, and only you could have given us life and now we must die with you forever." Howard Thurman*
- *If you died today, what dreams would die with you? What abilities would die with you unexpressed? What talents would pass away? What gifts would be buried forever?*

- “Inspiration Nation is a major gift from God and Michael Jones, founder and creator, has an anointing on his life. I have now been a member of Inspiration Nation for about 8 months and it has truly enhanced my life. Every morning as I do my devotions, I open up my email to see what God is saying through Michael. Last week, I was especially touched by a quote from Howard Thurman (cut and paste) that talks about the gifts that God has given each and every one of us. I thank God for the encouraging and uplifting quotes from Michael Jones.”
