### SAVE THE DATES!

## Station Area Planning Workshops/ Project Update Meetings

October 28, 2010

November 4, 6, 9, 16 & 18 2010

The Crenshaw/LAX Transit Corridor Team welcomes your participation at the Station Area Planning Workshops/Project Update Meetings. Over the past few months, we have held several Station Area Planning Workshops. During the next series of community workshops, we will provide a project update, discuss input received from past workshops, and present new information on station alternatives, station area planning, streetscape, and landscape design concepts. We will also provide an update on the status of project options and on the maintenance facility site evaluation.
