To Whom It May Concern:

It is with great pleasure and enthusiasm that I provide a written testimonial of the services I have received from Mr. Michael S. Jones. Mr. Jones served as my Executive Coach during his Executive Management Leadership and Development Series. It was through my personal one on one weekly sessions that afforded me the opportunity of experiencing his professionalism and commitment to assisting clients in both their personal and business development.

Mr. Jones’ sessions generates an atmosphere that is encouraging by providing a “one on one” style of coaching that creates a personal relationship with his client. As a result, I immediately gained a sense of trust and was open to expressing and sharing myself without any judgment or scrutiny. Mr. Jones encourages his client to become an active participant in the workshop’s dialogues and exercises; which gave me a greater sense of empowerment, focus, creativity, and accountability.

I was impressed with Mr. Jones' initial step to assess my needs to develop a more appropriate workshop that spoke to specific areas of my life. He developed a challenging curriculum that provided me with a good foundation in work ethics, and entrepreneurial skills. I saw his depth of knowledge in his subject area exceeded only by his overall effectiveness and genuine caring for his client. He was very supportive to the growth and development of both the client's business and the client themselves. As a coach, he probes with greater depth into the arena of "thinking out of the box" to stimulate his client to demonstrate an advance ability to participate in the process of creating, organizing, and sustaining their own business.

Mr. Jones' attitude and reliability was positive and consistent. He coaches as a professional and maintains the ethics and standards that are equated with professional behavior. He is more than a motivator he is an inspirational coach. He is exciting, caring, and full of great energy that ignites the fire in his clients to become all they desire to be and more! Overall, Mr. Jones' passion for helping and serving others is admirable. I am thankful and honored that Mr. Jones was my Executive Coach!

Sincerely,
