Early Learning Coalition needs your help! Over 150 of the Early Learning Coalition's child care centers remain open to parents who are first responders, medical staff, and essential workers, providing quality child care to allow them to work. Without child care some would simply not be able to do so. Because of the current shortages, many of their centers are experiencing great difficulty keeping stock of badly needed supplies that are necessary to properly maintain their facilities. Their centers are specifically in need of hand sanitizers, bleach/bleach sprays, paper towels, toilet paper, disinfecting wipes such as Clorox or Lysol wipes, diapers, baby wipes, etc. Any type of cleaning supplies would be welcome. Click [HERE](#) for a list of child care centers with their individual contact information. Feel free to contact them if you are interested in making a drop-off or to give them purchase information of their needed supplies.
