

2nd Annual

Workforce Development Showcase

A skilled workforce is critical to San Joaquin County's economic growth. It is a necessity and a valuable resource in attracting and keeping employers. The goal of the Central Valley Asian Chamber of Commerce's Annual Workforce Development Showcase is to allow an opportunity for colleges and vocational training programs to display their curriculum to potential candidates who are looking to develop skills or want to make a career change. Working together, we hope to be able to expand our skilled workforce.

Use this excellent opportunity to showcase your program by exhibiting in the Showcase. Exhibitor tables are \$100 for members and \$150 for non-members. Call us at **209.469.8860** for more information. Event sponsorships are available.
