business of the month

COMPANY HISTORY: When owner Jeremy Colton lost his corporate job he decided to go into business for himself. Options he considered included starting a business from scratch, buying an existing business, or buying a franchise. Colton found a franchise broker who spent many hours working with him to find a good 'fit' – he had a preference for a business that produces a tangible product, of course wanted to make a living, but was not looking for the most possible financial return versus other features. Colton really wanted a business that would allow him to support his community, and Big Frog Custom T-Shirts & More of Edwardsville fits those criteria well. Jeremy and his wife Emily brought the Big Frog franchise to Edwardsville in 2014.

ECONOMIC IMPACT: Big Frog opened with two full time employees, one of whom is a U.S. Army veteran. As business increased, Colton added a part time worker who has since moved to full time. Big Frog also employs an occasional sign waver, and supports the municipality's general fund by generating sales tax dollars. Big Frog has added three smaller production machines and are planning to purchase a more substantial machine, which will be financed by a local bank.

COMMUNITY ENHANCEMENT: Big Frog has a policy of providing free shirts to non-profit organization volunteers, both for ongoing work and special events. Through this program, volunteer shirts have been provided for 'Empty Bowl' events in Collinsville and Edwardsville, and for Anchored in Truth Ministries. Big Frog also supports not-for-profit fundraising efforts, including. For example, Painting the Town Gold donors were able to purchase t-shirts from Big Frog, with half of the sale being donated back to the charity. On other occasions the Big Frog team spearheads fundraising efforts on its own, as when they sold shirts for Edwardsville Township Community Park's airplane renovation, and donated 100% to the cause. Big Frog donates gift cards to every silent auction request they receive.

WORKFORCE COMMITMENT: Big Frog has a much more extensive benefit package than most businesses of its size, which is a direct result of listening to employees' needs and shopping for benefits that would be helpful. Big Frog currently provides major medical coverage, a retirement plan with company contribution, and company paid life insurance, and Colton anticipates adding supplemental insurance in the near future.

CHARACTER: Big Frog of Edwardsville has a specific, written vision statement which is displayed prominently is taken very seriously in the team's day-to-day decision making. "To support our community, fellow small businesses, not-for-profits, and individuals in achieving their goals. To achieve financial success for owners and employees. To maintain impeccable ethical standards and always put customer needs first."

INNOVATION: The Big Frog franchise was built from the beginning on personal interaction with our customers. For most orders, a designer sits with a customer and works with that client to determine exactly what he or she wants, as opposed to asking the customer to use templates. Colton has the tremendous good fortune to have employees who are excellent at customer service – which mostly means listening, in his experience – and are also superb designers. Big Frog offers 24-hour turnaround on in-stock items, which customers find appealing. The personal, customized service is what sets Big Frog apart from other companies, and is at the core of the company's explosive growth as a franchise.

LEADERSHIP: Colton serves as current president of the People in Business networking group, and is a proud Edwardsville/Glen Carbon Chamber of Commerce ambassador. In addition, one of Big Frog's designers represents the company with another local chamber of commerce.

EXCELLENCE: One practice of which Colton is particularly proud is that Big Frog pays more than average for a wider range of clip art. This is good for the customer, again getting exactly what he or she wants instead of settling for 'almost.' It is also helpful from a production standpoint, because designers spend less time searching for art. Big Frog has recently added the ability to text images to and from the store, which is a recent technological innovation few companies have adopted – that functionality has been available for about a month, and Big Frog customers love it. A franchise reflects, to a certain extent, the franchisor, and Big Frog Franchise Group (BFFG) really shines – BFFG has received top industry awards including *Franchise Business Review's* 'Top 50' for franchisee satisfaction for consecutive years, and 'Best Franchise for Veterans' three consecutive years.

FUTURE FOCUS: The Coltons currently have a roughly outlined strategic plan, with some specifics about who and when they plan to formalize it and put the plan into action. Some of the possibilities include a second location in Springfield, Collinsville, or downtown Saint Louis, moving to a larger location, or leasing industrial space for expanded capacity.
