Tickets for the Beer Festival and the Raffle, for an opportunity to win \$2500 in Chamber Checks, are going quickly. Contact the Chamber, a board member, or an Ambassador to get yours. You certainly do not want to miss out on the fun! Our next meeting will be held at the City Park on Wednesday, June 14th, for a picnic starting at noon. Small Business/Member Retention Committee - This month's workshop is "Exploring QuickBooks"; it will be held on Tuesday, June 12 from 2-4p.m. The QuickBooks® class will cover the origin of QuickBooks®, how and why it works (and sometimes doesn't), what the program does and doesn't do, QuickBooks® versus Quicken®, basic installation, how to set up the program for your requirements, and a questions and answer time. Some detail will be provided regarding "preferences (how QuickBooks® reacts to your input), chart of accounts set up, payroll, and financial reporting. After the class you should be able to determine how best to use, or not use QuickBooks® for your situation. For more information or to RSVP for the class, please call the Chamber at (775) 738-7135.

Their family has been intricately involved in the local community, school activities, and their Church. They enjoy the beautiful outdoor opportunities offered in the area and local sports.

SCATS

The State of Nevada Safety Consultation and Training Section (SCATS) is proud to be the newest member of the Elko Chamber of Commerce. We look forward to the opportunity to work with our fellow Chamber members in order to keep Elko's workplaces healthy and safe. Nevada business owners are recognizing that maximizing safety and health on the job translates directly into increased efficiency and productivity. This makes safety one of the most powerful tools for controlling the costs of doing business. SCATS can help you to recognize the benefits of ensuring a safe and healthy workplace. To further help Nevada employers, SCATS has developed a wide range of training programs and materials on OSHA regulations and Nevada safety and health statutes. This provides Nevada employers with the knowledge and information necessary to improve workplace safety and health. These valuable safety and health training classes and materials are another example of how SCATS is your partner to reduce workplace injuries and illness. Providing appropriate training for all of your employees is essential to ensure employees produce your product or service safely. Training in safety and health also emphasizes employers' concern for their workers. SCATS' services provide an opportunity to train your employees at no charge. These programs supplement employer required training programs. For more information on how SCATS can help you and your business, visit www.4safenv.state.nv.us and www.scatsclasses.org, or please contact Rich Bochman, Safety Specialist, at (775) 778-3312, or email SCATS@frontiernet.net.

Around Town

Ready, set, summer! In a style that only the quirkiness of Elko can provide, we're vacillating between the fear of late frost on our tomato plants while simultaneously slathering on the sunscreen hoping not to get scorched! Along with the community's social calendar, June is indeed in full bloom. Our Chamber of Commerce Visitor Center and phone lines scarcely see a moment's pause as we are on the forefront of keeping the community informed of the goings on that summer brings. We are frequented with questions such as: When is the Mining Expo? How do I display my wares at Art in the Park? Are there any vendor booths left at the Motorcycle Jamboree? How do I become a member of the Chamber and host a Business After Hours? The Chamber of Commerce is indeed a great place to call or visit to obtain information on a myriad of upcoming events. If you have an upcoming summer event or seasonal business promotion, please provide us with the pertinent information so that we can get the word out to the public. Members can utilize their own personal access password to submit events on our community calendar online. Each week we send out a "Weekend Update" with business, community, event, and promotion information which we cross reference with our community calendar to make sure nothing is left out. Whether you're a non-profit hosting an event, a mining company with a booth at the Expo, or a small business with a special sale, we want to know about it! The Chamber's goal is to communicate on behalf of our member businesses, so let us take the edge off of some of your summer promotions. New in town or don't know what's going on this weekend? Stop in and you'll leave armed with a calendar and inside tips on which businesses have upcoming sales and events!

Customer Service Awards

A lot of places say they will not only match the prices of “big box stores” but you will also get personalized service. Most of the time this is not true, unless you live in Elko. I have found a place that not only promised both, but delivered on that promise! We had been looking for a 3D TV that was bigger than the one we had. We went to Encore Audio/Visual Design in February. From the time I walked in, I was greeted in a professional manner. At no time did James (Jackson) think that any question I asked a problem. He told me that the price on the TV and BluRay player I had picked out would not be found online for what Encore was selling it. I went home and checked the price for the package we purchased, and the television alone could not be found at a lesser price. As a matter of fact, Encore had the BEST price on everything. The service we received was beyond compare. When my remote turned out to be smarter than me, the staff was there to help answer my question. Mr. Bolotin should be very proud of his staff and his store. When he says that he beats the Big Box stores, he backs it up. Elko is very lucky to have a store like Encore!

I had the privilege of meeting with Shad Hutnyak recently, owner of Sierra Java. Being the coffee lover that I am, I take a more critical look at the overall experience a coffee shop provides—from the taste of the coffee to the customer service involved, and the atmosphere of the coffee shop. I have spent a good number of hours at Sierra Java over the years, enjoying their delicious coffee and making use of their free Wi-Fi provided. Shad has been working hard over the years to ensure that Sierra Java provides the best possible experience for its customers, from offering new drinks to moving their location to a place that is more easily accessible for patrons.

I shared with Shad some of the provisions I’ve really enjoyed at other coffee shops I’ve visited. As I spoke, Shad listened intently to my suggestions. I did not expect him to actually make the changes I suggested, it was enough for me that he had ears to listen. It is not every day that you come across a business owner so willing to make changes and adapt to customer’s wishes, but Shad is definitely one of these! Sierra Java gets my two thumbs up for great service and coffee!

I would like to bring your attention to Cunningham Carpet Cleaning. This company has shown exceptional customer service and I feel it is important they get recognized for their outstanding attention to their customer’s needs. It is every business owner’s worst nightmare to actually have to use their insurance. We all carry it with the hope that it will never be used, and when it comes down to it, an insurance claim can be extremely stressful and problematic. When our company found ourselves in the situation of needing to remedy a mistake made at a customer’s location, Lonnie stepped in and helped to alleviate the stress and workload to get the situation handled. He meticulously went over all of our options with us and went well above and beyond our expectations of customer support. He lent us his knowledge of insurance claims and handling bad situations with no qualms or exceptions. His willingness to go that extra mile is a quality rarely seen in business today. Thank you Lonnie for your generous support in our time of need.

Could You Use Some Extra Cash This Month? Start Stuffing Your Piggy Bank Today When You Just Remember These 4 Little Words...

Dear Friend, Hi! Don't you just love getting a little extra cash? Especially when you weren't expecting it! It's fun. Do you know what else is fun? Helping your friends and family and making them feel happy! Here is how you can accomplish both of these "fun" things...

Everybody Loves It When You Do This For Them!

When was the last time you told a friend, family member or co-worker about a really great restaurant, book or movie? And **they took your recommendation and were so happy that you pointed them in the right direction.** Guess what? **You moved up in "status" to that person when you did that!**

Because people love it when you do the "footwork" and find something great for them. You save them time and money and possible disappointment. You showed them the way to a good experience. And you can do this with books, movies, doctors, hairstylists, restaurants or...**even your carpet cleaner.**

It's not easy to find great companies. And carpet cleaners are no exception. Do you know how many "professional carpet cleaners" don't have much more experience than pushing a vacuum? Do you realize how many carpets are left over-wet or with residue? Or how many "pros" don't understand how to properly and permanently remove spots? These errors lead to rapid re-soiling and perpetuate the myths that carpet cleaning "doesn't work."

It's hard to find a cleaner with a thorough knowledge in the chemistry of cleaning, with 100% money-back guarantee on all their work, 5 star service, who handles your home with "kid gloves! **But you managed to find Callaway Carpet Cleaning.**

4 Little Words.

You see where I'm going with this don't you? Now you have the chance to help your friends and family find a great professional cleaner. Plus, I will pay \$10 cash for each and every referral sent my way that becomes a client. That equals a chance for you to help people, while you look really cool and make some extra cash! All because you simply remember to say these 4 little words, "**Try my carpet cleaner.**" **Bonus: One free room of carpet cleaning as a gift from you for your referrals! (Limit 100 square feet)**
