

Please Help Support the ELC Volleyball's Pink Out

The ILCC and ELC volleyball teams as well as the ELC football team are excited to be working together this fall to raise a large amount of money for Breast Cancer by hosting "Pink Outs" all during the same week and selling t-shirts for the cause. We are excited to promote our programs in a positive light outside of just on the court/field.

Last year, the ELC volleyball team hosted a 'Pink Out' and were quite successful in the amount donated to the cause. The only problem was that the volleyball program only has enough pink jerseys for the varsity team. The booster club has already paid for new jerseys for the varsity team this fall, so I am hoping to find community businesses that are willing to donate towards the \$700 (approx.) purchase of new pink out jerseys that will allow the volleyball program to ALL participate for years and years to come.

We plan to have a poster at the volleyball pink out games to honor and thank the businesses that donate towards the purchase of these jerseys.

If this is something that you are interested in donating to, please contact me at carly.marx@elc-csd.org or 616.862.8065.
