SERVPRO of Fenton/South Ballwin

As a follow-up to Asst. Chief Batterton's Emergency Response Plan presentation of 1/4/12, SERVPRO® provides the very plan the chief described.

Designed as an adjunct to any business' existing emergency contingency plan, the Emergency Ready Profile is SERVPRO's free-of-charge compiling of key data needed to get you or your tenants back in the building and back in business as soon as possible. Redundant electronic and print copies are kept in several locations (including SERVPRO®) and consist of:

-  Emergency contact information for key decision makers & vendors.
-  Locations of critical mechanical systems & building components (water & gas shut-offs, etc.)
-  To-the-inch diagrams for accurate estimation of equipment & services needed.
-  Any pre-approved pricing or procedures.
-  Free downloadable mobile app now available!
