NOTE: The map shall be published if there are any annexations.

40-3-3 **DETERMINING TERRITORIAL LIMITS.** In determining with precision what territory is actually included within any zoning district, the Zoning Administrator shall apply the following rules:

(A) Where a district boundary as indicated on the zoning map approximately follows the features listed below on the left, the corresponding feature on the right shall be deemed the district boundary:

- | | |
|--|----------------------------------|
| (1) Center line of any street, alley or highway | Such centerline. |
| (2) Lot line | Such lot line. |
| (3) Railroad tracks | Right-of-way line of such track. |

(B) Whenever any street, alley or other public way is legally vacated, the zoning districts adjoining each side of such vacated public way shall automatically extend to the center of such way, and all territory included in the vacated way shall thereafter be subject to all regulations of the extended districts.

(C) All territory (including bodies of water) that lies within the zoning jurisdiction of this City, but which is not shown on the zoning map as being located within any district, shall comply with the zoning regulations of the most restrictive adjoining district.

40-3-4 **ANNEXED TERRITORY.** Any territory hereafter annexed to the City shall automatically be in the R-1, Single-Family Residence District until duly changed by an amendment to this Code; except that the City Council, with the advice of the Zoning Board of Appeals, may annex any territory as any other zoning district or districts herein established if all legal requirements for zoning the property at the time of the annexation and the requirements for amending the Zoning Map by the extension of the zoning district provisions are met.

40-3-5 **GENERAL PROHIBITION.** No structure or part thereof shall be erected, used, occupied, enlarged, altered, relocated or reconstructed except in conformity with the provisions of this Code. Similarly, no lot or part thereof shall be used, occupied, or developed except in conformity with the provisions of this Code.

Whenever a portion of a tract of land ceases to be used primarily for agricultural purposes, all pertinent provisions of this Code shall apply to that portion.

40-3-6 **UNLISTED USES PROHIBITED.** Whenever any use is not specifically listed as permitted or special within a particular zoning district, such use shall be deemed prohibited in that district. However, if the Zoning Board, following consultation with the Zoning Administrator finds that the unlisted use is similar to and compatible with the listed uses, they may make a written ruling to that effect and classify the use as a use permitted by right. The Board's decision shall become a permanent public record.

40-3-7 **TEMPORARY USES.** Except as specifically provided otherwise in this Code, no temporary structure shall be used or occupied for any purpose, and no land shall be used for any temporary enterprise, whether for profit or not-for-profit, unless a temporary use permit has been obtained. Applications for temporary use permits shall be treated in the same way as applications for special use permits. 40-3-8 **MEETING MINIMUM REQUIREMENTS.** Except as specifically provided otherwise:

(A) Only one principal building or structure shall be permitted on any residential lot; and

(B) No portion of any minimum area, minimum dimensions, or minimum yards required for any lot, structure, or use shall be counted to satisfy the minimum area, dimensions, or yards requirements for any other lot, structure or use.

(See Sec. 40-8-2)

40-3-9 **ACCESS REQUIRED.** No building shall be erected on any lot unless such lot abuts, or has permanent easement of access to, a public street or a private street.

40-3-10 FRONT SETBACKS - CORNER/THROUGH LOTS. Every lot with multiple frontages (such as corner or through lots) shall meet the front setback requirements of the district in which it is located on every side having frontage.

40-3-11 FRONT SETBACKS IN CERTAIN BUILT-UP AREAS. Except as specifically provided otherwise, in the Central Business district and in all residential zoning districts, where lots having **fifty percent (50%)** or more of the frontage on one side of a street between intersections (that is, in one block) are developed with buildings, and the front setbacks of those lots do not differ by more than **ten (10) feet**, the minimum required front setback on that block shall be the average of the existing front set-backs; provided however, that in any built-up area, no front setback shall be less than **fifteen (15) feet**, nor shall any front setback greater than **fifty (50) feet** be required.

(B) **Intersections.** On corner lots, in the triangular portion of land bounded by the street lines and a line joining these street lines at points **thirty (30) feet** from the point of intersection, no obstruction, whether natural or man-made, shall intrude into the air space that is between **two (2)** and **ten (10) feet** above the level of the adjacent street. **(See Figure 1 at the end of this Code.)**

40-3-14 SEWER AND SEPTIC TANKS. In all districts, property owners of all buildings and places where people live, work, or assemble shall provide for the sanitary disposal of all sewage in accordance with the following requirements:

(A) Whenever the public sanitary sewerage system is reasonably accessible (that is, when the distance from the property in question to the nearest public sewer with

(A) Any accessory use shall be deemed permitted in a particular zoning district if such use:

- (1) meets the definitions of "accessory use" found in Section 402-2;
- (2) is accessory to a principal structure or use that is allowed in a particular zoning district as permitted or special use; and
- (3) is in compliance with restrictions set forth in Section 40-3-16.

(B) If an accessory structure is attached to a principal structure, it shall be considered part of such structure. (**See Definition of "Attached" in Section 40-2-2**)

40-3-16 ACCESSORY USE RESTRICTIONS.

40-3-18 - 40-3-19 RESERVED.

DIVISION II - PLANNED DEVELOPMENTS

40-3-20 **PLANNED DEVELOPMENT DEFINED.** As used in this Division, the term "planned development" or "PD" means a development wherein, in accordance with an approved development plan:

- (A) common open space is reserved;
- (B) various housing types and other structures and uses may be mixed and/or
- (C) overall average density does not exceed the usual zoning district limit.

40-3-21 **OBJECTIVES.** This Section authorizes development of Planned Developments and establishes procedures in order to achieve the objectives enumerated in **Section 40-1-2** and the following objectives:

- (A) to provide a regulatory mechanism whereby the City can be assured that upon completion, approved development projects will substantially conform to the plans or models which constituted the basis for the issuance of the necessary zoning and subdivision permits;
- (B) to permit development of a wide variety of housing types and other structures and uses in a single comprehensively planned project;
- (C) to preserve the natural topography, scenic features, mature trees and historic structures existing on sites proposed for development;
- (D) to encourage innovative site layouts and coordinated architectural treatment of different housing types and other structures;
- (E) to ensure the provision of usable, common, open space in planned developments, and to spur installation of various amenities therein;
- (F) to facilitate the economical installation of standard streets, sewers, utilities, and other improvements.

40-3-22 **COMPLIANCE WITH REGULATIONS GENERALLY REQUIRED.** Except as specifically provided otherwise in this Code, planned developments--including all structures and uses therein--shall, at a minimum, be built in conformity with all applicable codes and ordinances, including the Zoning code and the Subdivision Code.

40-3-23 **DISTRICTS WHERE ALLOWED.** Planned Developments may be built in any Zoning District, but only upon the issuance of a special-use permit by the City Council after a hearing before the Zoning Board of Appeals. **(See Sec. 40-10-24 et seq.)**

40-3-24 **PERMISSIBLE DEVIATION FROM CODE REQUIREMENTS.** The Planned Development (PD) concept is intended to afford both the developer and the City considerable flexibility in formulating development proposals. Consequently, to the extent indicated in this Section, Planned Developments may deviate from generally applicable Code requirements without a variance. Any proposed deviation not listed below, however, shall require a variance.

- (A) **Mixed Uses.** Planned Developments may include all types of residential structures and any other uses approved by the Board of Appeals, provided that in approving

such mixed uses, the Board of Appeals may attach any conditions necessary to protect the public welfare.

(B) **Lot and Structure Requirements.** In Planned Developments, the Board of Appeals may approve any reasonable deviation from the lot and structure requirements of the particular zoning district so long as the different uses within the PD are appropriately interrelated and property abutting the PD is adequately protected from any potential adverse impacts of the development. "Lot and structure requirements" means minimum individual lot area, width and depth; minimum setbacks; and maximum structure height.

(C) **Accessory Uses.** In PDs the Board of Appeals may allow the developer to disregard the usual restrictions on accessory uses other than the prohibition against using an accessory structure as a dwelling.

(D) **Location of Parking/Loading Spaces.** By permission of the Board of Appeals, off-street parking and loading spaces in PDs need not be located in accordance with generally applicable requirements. The minimum number of such spaces, however, shall not be less than the number required as per **Article V** of this Code.

40-3-25 PROCEDURES FOR PLANNED DEVELOPMENTS. Every applicant for Planed Development approval shall comply with the procedural requirements of this Section. The required procedures are as follows:

- (A) Filing development plan with the Zoning Administrator;

40-3-27 CRITERIA CONSIDERED. The Zoning Board of Appeals shall compile a written report which either accepts or rejects the Development Plan. In making their recommendation, the Board of Appeals shall consider the following criteria:

- (A) The extent to which the proposed development is consistent with the Comprehensive Plan and with the purposes of this Code and of all other applicable codes and ordinances;
- (B) The extent to which the proposed development deviates from the regulations that are generally applicable to the property (including, but not limited to, the use, lot and building regulations of the district), and the apparent merits, if any, of said deviations.
- (C) Whether the proposed design of the PD makes adequate provisions for vehicular and pedestrian circulation, off-street parking and loading, separation of residential and commercial uses, open space, recreational facilities, preservation of natural features, and so forth;

- (E) Any other reasonable criteria that the Zoning Board of Appeals may devise.

40-3-29 **CHANGES IN APPROVED PLANS.** No changes shall be made to any approved PD Development Plan, except as follows:

- (A) Minor changes, if required by engineering or other circumstances not foreseen at the time the final development plan was approved.
- (B) All other changes shall require a public hearing before the Board of Appeals.
- (C) No approved change shall have any effect until it is recorded with the County Recorder of Deeds as an amendment to the recorded copy of the Development Plan. **(See Article X - Division V)**

40-3-30 **FAILURE TO BEGIN DEVELOPMENT.** If a substantial amount of construction has not begun within the time stated in the approved construction schedule, the Development Plan shall lapse upon written notice to the applicant from the Zoning Administrator and shall be of no further effect. However, in his discretion and for good cause, the Zoning Administrator may extend for a reasonable time the period for the beginning of construction. If a final Development Plan lapses as per this Section, the following shall be applicable:

- (A) The special-use permit shall be automatically revoked; and
- (B) any zoning permits shall automatically become null and void; and

(D) **Surfacing.** Parking lots shall be graded and improved with a compacted stone base at least **seven (7) inches** thick, surfaced with at least **two (2) inches** of asphaltic concrete or approved comparable material. Parking lots used exclusively for employees are hereby exempt from these requirements, but shall be constructed of an approved dustless surface. These requirements shall not apply to single-family residential. **(Note: "Oil and chip" is not comparable material.)**

(E) **Lighting.** Any light(s) used to illuminate any parking lot shall be arranged or shielded so as to confine direct light rays within the lot lines of the parking lot to the greatest extent possible and in no case, shall the light(s) shine on or into nearby residences.

40-7-4 LANDSCAPING. In order to reduce heat and glare, to minimize blowing of dust and trash, and to reduce the oppressive visual effects of large open parking areas, landscaping shall be provided and maintained within every parking lot that contains **twenty (20)** or more parking spaces. Parking lots used exclusively for employees are hereby exempt from these requirements, but shall be constructed of an approved dustless surface.

(A) A landscaping plan (either a separate document or an element of a more inclusive development plan) shall accompany every application for a Certificate of Zoning Compliance to develop any parking lot that will contain **twenty (20)** or more parking spaces.

(B) The landscaping plan shall include the following information:

- (1) Proposed type, amount, size and spacing of plantings, including trees, shrubbery and ground cover;
- (2) Proposed size, construction materials, and drainage of landscaped islands; and
- (3) Sketch indicating proposed spatial relationships of landscaped areas, parking spaces, automobile circulation, and pedestrian movement.

40-7-5 LOCATION OF PARKING. All off-street parking shall be located in conformity with the following requirements:

(A) **For Dwellings.**

- (1) Parking spaces accessory to dwellings located in any residential zoning district shall be located on the same lot as the dwelling.

Such parking spaces shall not be located in any front yard except in the driveway, but may be located in the side or rear yards. Each parking space accessory to a multi-family dwelling shall be unobstructed so that no vehicle need be moved in order to allow another vehicle to enter/exit the parking area.

- (2) All parking spaces accessory to permitted non-dwelling uses located in the residential zoning district generally shall be located on the same lot as the use served. However, by special use permit, such parking facilities may be located on another parcel within **two hundred (200) feet** of the use served. No commercial vehicle exceeding **one (1) ton** cargo capacity shall be parked anywhere in a residential district (except for normal loading, unloading, and service call), unless a special use permit has been obtained. No vehicle repair work shall be permitted on any parking lot located in any residential district.

(B) **Business And Industrial Districts.**

- (1) Parking spaces accessory to any dwelling located in any business district shall be located within **two hundred (200) feet** of the dwelling. Parking spaces accessory to any other conforming use located in any business or industrial district shall be located within **five hundred (500) feet** of the use served.
- (2) No parking space accessory to any use located in business or industrial district shall be located in any residential district except by special use permit; and in no case shall any such parking areas extend more than **five hundred (500) feet** into a residential district.
- (3) In any business or industrial district, off-street parking facilities for different buildings or uses may be provided collectively if the total number of spaces so located together is not less than the sum of the separate requirements for each use, and if all regulations governing location of parking spaces in relation to the use served are observed.

40-7-6 DESIGN AND LOCATION OF OFF-STREET LOADING FACILITIES.

All off-street loading facilities shall conform to the minimum standards indicated below:

(A) **Size Of Space.** Every required off-street loading space shall be at least **twelve (12) feet** wide and **forty-five (45) feet** long exclusive of aisle and maneuver space, and shall have vertical clearance of at least **fourteen (14) feet**. In no case shall a vehicle being loaded or unloaded overhang into the public right-of-way.

(B) **Access Way.** Every off-street loading space shall have a safe means of vehicular access to a street or alley. Such access way shall be at least **twelve (12) feet** wide.

(C) **Surfacing.** Every off-street loading area shall be improved with a compacted stone base at least **seven (7) inches** thick, surfaced with at least **two (2) inches** of asphaltic concrete or approved comparable material. **(No "oil and chip")**

(D) **Buffer Strips.** No loading space or area for vehicles over **two (2) ton** cargo capacity shall be developed closer than **fifty (50) feet** to the lot line of any lot located in any residential district or in the Agricultural District unless such space/area is completely enclosed by walls, a solid fence, or closely planted shrubbery at least **ten (10) feet** in height and of sufficient density to block the view from residential property.

(E) **Location.** Every off-street loading space shall be located on the same parcel of land as the use served, and not closer than **fifty (50) feet** to the intersection of the rights-of-way of **two (2)** or more streets, and not on any required front yard.

40-7-7 COMPUTATION OF REQUIRED PARKING/LOADING SPACES. In computing the number of parking spaces required by this Code, the Zoning Administrator shall apply the following rules:

(A) In computing parking space requirements based on the number of employees, the maximum number of employees on the premises at any period of the day shall be used. "Employee parking" means **one (1) parking space** shall be required per **one and one-half (1.5) employees**", unless otherwise stated.

(B) In computing parking or loading space requirements on the basis of building floor area, the gross floor area shall be used.

(C) Whenever it is necessary to translate gross parking lot area into number of parking spaces, **three hundred fifty (350) square feet** of gross area shall be deemed **one (1) parking space**.

(D) If computation of the number of parking or loading spaces required by this Code results in a fractional space, any fraction of **one-half (.5)** or more shall be counted as **one (1) space**.

(E) No space or portion thereof needed to satisfy the minimum applicable requirement for number of off-street parking or loading spaces shall be counted as part of the off-street parking or loading spaces required for another structure or use.

40-7-8 NUMBER OF PARKING AND LOADING SPACES REQUIRED. Off-street parking and loading spaces shall be provided as indicated in tabular form below. For any use that is not listed in the table, the same amount of parking and loading space shall be provided as is required for the most similar listed use. ARTICLE VIII - NONCONFORMITIES

40-8-1 **NATURE OF NONCOMFORMITIES.** The requirements imposed by this Code are designed to guide the use of land by encouraging the development of structures and uses that are compatible with the predominant character of each of the various districts. Lots, structures, and uses of land or structures that do not conform to the requirements of the district in which they are located tend to impede appropriate development. For example, nonconformities are frequently responsible for heavy traffic on residential streets, the overtaxing of parking facilities, the creation of nuisances, and/or the lowering of property values. The regulations in this Article are intended to alleviate such existing/potential problems by encouraging the gradual elimination of nonconformities.

40-8-2 **NONCONFORMING LOTS.** If the Board of Appeals recommends and the City Council approves a variance for any vacant lot that does not conform to **one (1)** or more of the lot size (area dimensions) requirements of the district in which it is located, that lot may, nonetheless, be developed for any use permitted in that district if such vacant lot:

- (A) was recorded in the office of the County Recorder of Deeds prior to the effective date of this Code (or pertinent amendment thereto);
- (B) has continuously remained in separate ownership from abutting tracts of land throughout the entire period during which the creation of such lot was prohibited by the applicable zoning code or other ordinances; and
- (C) is at least **fifty (50) feet** wide.

40-8-2.1 **NON-URBAN AND RESIDENTIAL DISTRICTS.** In the Agricultural District and in any residential district, one single-family dwelling and related accessory structure, but no other use, may be erected on any vacant nonconforming lot of the type described above provided all the bulk regulations of the particular district are observed.

40-8-2.2 **BUSINESS AND INDUSTRIAL DISTRICTS.** In the Industrial District and in any business district, any structure permitted in the particular district may be erected on any vacant nonconforming lot of the type described above if the bulk requirements of that district are met.

40-8-2.3 **TWO OR MORE LOTS IN COMMON OWNERSHIP.** If **two (2)** or more lots or combinations of lots and portions of lots with continuous frontage were of record and in common ownership on the effective date of this Code, and if **one (1)** or more of those lots does not meet the minimum lot width, depth, and area requirements of the district in which it is located, the land involved shall be considered an undivided parcel. No portion of any such parcel shall be developed except in compliance with this Code, nor shall any such parcel be divided so as to create a lot that does not meet the requirements of this Code. **(See Section 40-3-8)**

40-8-3 NONCONFORMING STRUCTURES. Any otherwise lawful structure which exists on the effective date of this Code, but which could not be erected under the terms of this Code because of requirements/restrictions concerning lot size, height, setbacks, or other characteristics of the structure or its location on the lot, may lawfully remain, subject to the following provisions:

(A) **Maintenance.** A nonconforming structure may be maintained by ordinary repairs.

(B) **Enlargement, Alterations.** A nonconforming structure shall not be enlarged or altered in any way which increases its nonconformity.

(C) **Relocation.** A nonconforming structure shall not be moved unless, after relocation, it will conform to all the regulations of the district in which it is situated.

(D) **Reconstruction.** No structure which is destroyed or damaged by any means shall be reconstructed if the Administrator determines that the cost of such reconstruction exceeds **fifty percent (50%)** of the structure's market value at the time of loss, unless after reconstruction the structure will conform to all applicable regulations of the district in which it is located. In the event the Administrator determines the estimated cost of reconstruction is less than **fifty percent (50%)** of the structure's market value at the time of loss, repairs or reconstruction shall be permitted, provided such work starts within **six (6) months** from the date the damage occurred and is diligently prosecuted to completion.

The Administrator may require that the reconstruction cost estimate be made by a bona fide construction contractor, and that the structure's market value at the time of loss be determined by a licensed real estate appraiser. The owner of the damaged structure shall be responsible for obtaining these estimates for the Administrator.

As an alternative, the market value may be determined by the Administrator by using the "state equalized assessed value" multiplied by the number **three (3)**.

The provisions of paragraph (D) shall not apply to single-family dwellings.

40-8-4 NONCONFORMING USES OCCUPYING A STRUCTURE. If any lawful use occupying a structure exists on the effective date of this Code, such use may lawfully continue, subject to the following provisions:

(A) **Maintenance.** Any structure housing a nonconforming use may be maintained through ordinary repairs.

(B) **Enlargement, Alteration, Reconstruction, Relocation.** No structure housing a nonconforming use shall be enlarged, structurally altered, reconstructed or relocated unless the use of the structure is changed to a permitted use.

(C) **Extension of Use.** No nonconforming use may be extended to any part(s) of the structure not intended or designed for such use, nor shall the nonconforming use be extended to occupy any land outside such structure.

(D) **Change of Use.** A nonconforming use occupying a structure may be changed to a similar use, to a more restrictive use, or to a conforming use. Such use shall not thereafter be changed to a less restrictive use.

(E) **Discontinuance of Use.** When a nonconforming use of a structure or of a structure and premises in combination is discontinued for **twelve (12) consecutive months** or for **eighteen (18) months** during any **three (3) year** period, the nonconforming use shall not thereafter be resumed. Any discontinuance caused by government action and without any contributing fault by the nonconforming user shall not be counted in calculating the length of discontinuance.

40-8-5 NONCONFORMING USE OF LAND. Any lawful use of land existing on the effective date of this Code that would not be permitted under the terms of this Code may lawfully continue, subject to the following provisions:

(A) **Intensification or Extension of Use.** A nonconforming use of land shall not be intensified, or extended to occupy a greater area of land than was occupied by such use on the effective date of this Code.

(B) **Relocation.** No nonconforming use of land shall be moved, in whole or in part, unless such use, upon relocation, will conform to all pertinent regulations of the district in which it is proposed to be located.

(C) **Change of Use.** Whenever a nonconforming use of a building has been changed to a more restrictive use or to a conforming use, such use shall not thereafter be changed to a less restrictive use. If no structural alterations are made, a nonconforming use of a building may be changed to another nonconforming use of the same or more restricted classification.

(D) **Discontinuance.** When a nonconforming use of land is discontinued for a period of **twelve (12) consecutive months** or for **eighteen (18) months** during any **three (3) year** period, it shall not thereafter be resumed, and any subsequent use of such land shall conform to the applicable district regulations. Any discontinuance caused by government action and without any contributing fault by the owner or operator shall not be counted in calculating the length of discontinuance.

40-8-6 NONCONFORMITIES UNDER PERMIT AUTHORITY. The regulations of this Article shall not apply to any change in an existing structure or to any change in the use of a structure or of land for which a permit was issued prior to effective date of this Code or any pertinent amendment thereto, provided that the work authorized by such permit is completed within a reasonable time.

ARTICLE IX - ADMINISTRATION AND ENFORCEMENT

Upon the effective date of this Code, no land shall be developed, no new use or structure shall be established or erected, and no existing use or structure shall be enlarged, extended, altered, relocated or reconstructed until an initial certificate of zoning compliance has been issued. The Administrator shall not issue an initial certificate of zoning compliance unless he determines that the proposed activity conforms to the applicable provisions of this Code.

40-9-4 ZONING APPLICATION. Every applicant for an Initial Certificate of Zoning Compliance shall submit to the Administrator, in graphic and/or narrative form, all the items of information listed below that are applicable to the particular project. 40-9-6 RELATIONSHIP TO BUILDING PERMITS. Upon the effective date of this Code, no building permit for the erection, enlargement, extension, alteration, or reconstruction of any structure shall be issued until the applicant for such permit has properly obtained an initial certificate of zoning compliance pertaining to such work.

The City in compliance with the Illinois Architecture Practice Act of 1989 and effective January 1, 1992 **(See 225 ILCS Sec. 305/1 et seq.)** requires that all new construction and structural renovations of buildings used by the general public, including multiple housing, but excluding one and two family residences, shall require architectural plans with an architect's seal from a licensed architect.

40-9-7 FINAL CERTIFICATES OF ZONING COMPLIANCE. No lot or part thereof that has been recorded or developed after the effective date of this Code, and no structure or use, or part thereof, that has been erected, enlarged, altered, relocated, or reconstructed after the effective date of this Code shall be used, occupied or put into operation until a certificate of zoning compliance has been issued. The Administrator shall not issue a final certificate of zoning compliance until it has been determined, by inspection, that the work authorized by the initial certificate of zoning compliance has been completed in accordance with approved plans. Failure to obtain a final certificate of zoning compliance shall constitute a separate violation of this Code.

40-9-8 **CORRECTIVE ACTION ORDERS.** Whenever the Zoning Administrator finds, by inspection or otherwise, that any lot, structure, or use, or work thereon is in violation of this Code, he shall so notify the responsible party, and shall institute appropriate measures to secure compliance.

The Chairman, or in his absence, the Acting Chairman may administer oaths and compel the attendance of witnesses. **Four (4) members** of the Board of Appeals shall constitute a quorum, and the affirmative vote of at least **four (4) members** shall be necessary to authorize any Board of Appeals action. **(See Sec. 40-10-6 for vote on decisions of Board of Appeals.)**

40-10-5 RECORDS. The Board of Appeals shall keep minutes of its proceedings and examinations. These minutes shall indicate the absence of any member, the vote or abstention of each member on each question, and any official action taken. A copy of every rule, variance, order or recommendation of the Board of Appeals shall be filed immediately with the City Clerk and shall be a public record.

40-10-6 **DECISIONS.** The concurring vote of **four (4) members** of the Board of Appeals shall be necessary to recommend a variance or special-use permit or to recommend an amendment to the City Council. The recommendation of the Board of Appeals shall be by written letter and shall contain its findings of fact. A copy shall be sent to the City Council.

40-10-7 **PERIOD OF VALIDITY.** No decision by the City Council granting a variance or special-use permit shall be valid for a period longer than **twelve (12) months** from the date of such decision unless (1) an application for a zoning certificate is obtained within such period and construction, moving, remodeling, or reconstruction is started, or (2) an occupancy certificate is obtained and a use is commenced. However, the City Council may grant additional extensions of time not exceeding **one hundred eighty (180) days**, each upon written application made within the initial **twelve (12) month** period without further notice or hearing, but said right to so extend said time shall not include the right to grant additional relief by expanding the scope of the variation.

40-10-8 **FINALITY OF DECISIONS OF THE CITY COUNCIL.** All decisions of the City Council shall in all instances be the final administrative determination and shall be subject to review by a court in the manner provided by applicable Illinois Compiled Statutes. No applicant shall apply for the same or identical request for a period of **one (1) year** unless the facts and/or request have substantially changed.

[ED. NOTE: The City Council will need to pass an ordinance each time it takes action on a special-use permit, variance or amendment.]

40-10-9 **OFFICE OF THE SECRETARY OF THE BOARD OF APPEALS.** The Secretary of the Board of Appeals shall be appointed by the Board of Appeals to serve until a successor is appointed. The Secretary shall record the minutes of the Board of Appeal's proceedings and actions, showing the vote of each member upon each question or if absent or failing to vote, indicating such fact. The Secretary shall perform such other duties as may be assigned from time to time by the Board of Appeals.

40-10-10 - 40-10-11 **RESERVED.**

DIVISION II - APPEALS

40-10-12 NATURE OF AN APPEAL. Any person aggrieved by any decision or order of the Zoning Administrator in any matter related to the interpretation or enforcement of any provision of this Code may appeal to the Board of Appeals on a prescribed form. Every such appeal shall be made and treated in accordance with Illinois law and the provisions of this Division. **(See 65 ILCS Sec. 5/11-13-12)**

40-10-13 FILING, RECORD TRANSMITTAL. Every appeal shall be made within **forty-five (45) days** of the matter complained of by filing with the Administrator and the Board of Appeals a written notice specifying the grounds for appeal. Every appeal shall also be filed with the Soil and Water Conservation District pursuant to State law. Not more than **five (5) working days** after the notice of appeal has been filed, the Administrator shall transmit to the Board of Appeals all records pertinent to the case. **(See 65 ILCS Sec. 5/11-13-12) (See 70 ILCS Sec. 405/22.02A)**

40-10-14 STAY OF FURTHER PROCEEDINGS. An appeal stays all further action on the matter being appealed unless the Administrator certifies to the Board of Appeals after the notice of appeal has been filed with him, that for reasons stated in the certificate, a stay would cause imminent peril to life or property. In such case, further action shall not be stayed unless the Board of Appeals or the Circuit Court grants a restraining order for due cause and so notifies the Administrator. **(See 65 ILCS Sec. 5/1113-12)**

40-10-15 PUBLIC HEARING, NOTICE. The Board of Appeals shall hold a public hearing on every appeal within a reasonable time after the filing of the appeal notice. At the hearing, any interested party may appear and testify, either in person or by duly authorized agent or attorney. Notice indicating the time, date, and place of the hearing, and briefly describing the issue to be decided shall be given not more than **thirty (30) days** nor less than **fifteen (15) days** before the hearing:

- (A) By publication in a newspaper of general circulation within this City; and
 - (B) By certified mail to the applicant; and,
 - (C) By first-class mail to all owners of property contiguous to any property affected by the appeal.
- (See 65 ILCS Sec. 5/11-13-12)**

40-10-16 RECOMMENDATION OF THE BOARD OF APPEALS. The Board of Appeals shall make a recommendation to the City Council on the appeal within **thirty (30) days** after the hearing therein. The Board of Appeal's recommendation may reverse or affirm, wholly or partly, or may modify or amend the decision or order appealed from the extent and in the manner that they deem appropriate. **(See 65 ILCS Secs. 5/11-13-3 and 5/11-13-12)**

ED. NOTE: The Board of Appeals is delegated the task of hearing appeals from the decisions of the Zoning Administrator or other official charged with enforcement of an ordinance passed pursuant to the Zoning Enabling Act. This may, for example, entail determining

whether there has been a discontinuance of a nonconforming use. It is important for the applicant to note the appeal process because of the requirement of exhaustion of administrative remedies before suit is filed as well as the more obvious reason of using a less expensive administrative process for correcting a mistake or error which may have been made by the Zoning Administrator. (See 65 ILCS Sec. 5/11-13-3)

40-10-17 ACTION BY CITY COUNCIL. The City Council shall act on every appeal at their next regularly scheduled meeting following submission of the advisory report of the Board of Appeals. Without further public hearing, the City Council may approve or disapprove any appeal by simple majority vote of all the members then holding office. Such decision shall be binding upon the Zoning Administrator and observed by him. The Zoning Administrator shall be required to incorporate the terms and conditions of the same in the Zoning Certificate to the applicant or appellant whenever a Certificate is authorized by the Zoning Board of Appeals.

DIVISION III - VARIANCES

40-10-18 VARIANCES.

(A) A variance is a relaxation of the requirements of this Code that are applicable to a particular lot or structure.

(B) A so-called "use variance" (which would allow a use that is neither permitted nor special in the district in question) is not a variance, it is an amendment, and should be granted only as provided for in **Section 40-10-30**.

40-10-19 APPLICATION. Every application for a variance shall be filed with the Administrator on a prescribed form. Every variance application shall also be filed with the Soil and Water Conservation District as per State law. The Administrator shall promptly transmit said application, together with any device he might wish to offer, to the Board of Appeals. The application shall contain sufficient information to allow the Board of Appeals to make an informed decision and shall include, at a minimum, the following: **(NOTE: Filing fee required.) [See 70 ILCS Sec. 405/22.02(A)]**

- (A) Name and address of the applicant;
- (B) Location of the structure/use for which the variance is sought;
- (C) Brief description of adjacent lots, structures, and/or uses;
- (D) Brief description of the problems/circumstances engendering the variance request;
- (E) Brief, but specific, explanation of the desired variance;
- (F) Specific section(s) of this Code containing the regulations which, if strictly applied, would cause a serious problem; and
- (G) Any other pertinent information that the Administrator may require.

40-10-20 PUBLIC HEARING, NOTICE. The Board of Appeals shall hold a public hearing on each variance request within **sixty (60) days** after the variance application is submitted to them. At the hearing any interested party may appear and testify either in person or by duly authorized agent or attorney. Notice indicating the time, date, and place of the hearing, and the nature of the proposed variance shall be given not more than **thirty (30)** nor less than **fifteen (15) days** before the hearing;

- (A) By certified mail to the applicant and
- (B) By publication in a newspaper of general circulation within the City and,
- (C) By first-class mail to all owners of property contiguous to the property affected by the proposed variance. **(See 65 ILCS Sec. 5/11-13-7)**

40-10-21 STANDARDS FOR VARIANCES. The Board of Appeals shall not recommend any variance unless they find that the proposed variance is consistent with the general purposes of this Code, and that the strict application of the district requirements would result in great practical difficulties of hardship to the applicant. More specifically the Board of Appeals shall not decide upon a variance unless they determine, based upon the evidence presented to them, that:

- (A) The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in that zone; and
- (B) The plight of the owner is due to peculiar circumstances; and

(C) The variance, if granted, will not alter the essential character of the locality. **(See 65 ILCS Sec. 5/11-13-4 and 5/11-13-5)**

[NOTE: A variation shall be permitted only if in the judgment of the Board of Appeals sustains each of the three conditions above.]

40-10-22 RECOMMENDATION OF BOARD OF APPEALS. The Board of Appeals shall be required to submit an advisory report on all applications within **thirty (30) days** after the final hearing thereon. A copy of the Board of Appeal's report shall be transmitted to the applicant or appellant and to the Zoning Administrator. The Board of Appeals shall specify the terms of relief recommended (if any) in one statement and their findings of fact in another statement. The findings of fact shall clearly indicate the Board of Appeal's reasons for recommending or denying any requested variance. **(See 65 ILCS Sec. 5/11-13-5 and 5/11-13-11)**

40-10-23 ACTION BY CITY COUNCIL. The City Council shall act on every proposed variance at their next regularly scheduled meeting following submission of the advisory report of the Board of Appeals. Without further public hearing, the City Council may approve or disapprove any proposed variance by simply majority vote of all the members then holding office. Such decision shall be binding upon the Zoning Administrator and observed by him. The Administrator shall be required to incorporate the terms and conditions of the same in the Zoning Certificate to the applicant or appellant whenever a Certificate is authorized by the Board of Appeals. **[NOTE: The City Council takes action through the adoption of an ordinance.]**

DIVISION IV - SPECIAL USES

40-10-24 SPECIAL-USE PERMITS. This Code divides the City into various districts, and permits in each district as a matter of right only those uses which are clearly compatible with one another. Certain other uses, because of their special operational or physical characteristics, may or may not have a detrimental impact on nearby permitted uses, depending upon their precise location, manner of operation and other factors. Such "special uses" require careful case-by-case review, and may be allowed only after review and a recommendation by the Board of Appeals to the City Council for approval.

40-10-25 APPLICATION. Every applicant for a special-use permit shall submit to the Zoning Administrator in narrative and/or graphic form, the items of information enumerated below. The Administrator shall promptly transmit the completed application, together with any comments or recommendation he might have, to the Board of Appeals for further consideration. **(NOTE: Filing fee required in Section 40-9-14)**

ITEMS OF INFORMATION:

- (A) Name and address of the applicant;
- (B) Name and address of the owner or operator of the proposed structure or use, if different from (A);
- (C) Nature of the proposed use, including type of activity, manner of operation, number of occupants or employees, and similar matters;
- (D) Location of the proposed use or structure, and its relationship to existing uses of structures on adjacent lots;
- (E) Area and dimensions of the site for the proposed structure or use;
- (F) Existing topography of the site and proposed finished grade;
- (G) Existing and proposed screening, landscaping, and erosion control features on the site, including the parking area;

- (M) Location of any signs.

40-10-26 PUBLIC HEARING, NOTICE. The Board of Appeals shall hold a public hearing on every special-use permit application within **sixty (60) days** after the application is submitted to them. At the hearing, any interested party may appear and testify, either in person or by duly authorized agent or attorney. Notice indicating the time, date, and place of the hearing, and the nature of the proposed special-use shall be given not more than **thirty (30) days** nor less than **fifteen (15) days** before the hearing:

- (A) By certified mail to the applicant; and,
- (B) By publication in a newspaper of general circulation within this City.

(C) By first-class mail to all owners of property contiguous to the property affected by the proposed special-use request. **(See 65 ILCS Sec. 5/11-13-7)**

40-10-27 ADVISORY REPORT, FACTORS CONSIDERED. Within **thirty (30) days** after the public hearing, the Board of Appeals shall prepare an advisory report. In deciding the recommendation the Board of Appeals shall consider the following factors:

(A) Whether the proposed design, location, and manner of operation of the proposed special use will adequately protect the public health, safety, and welfare, and the physical environment;

(B) Whether the proposed special-use is consistent with this City's comprehensive plan, if any;

(C) The effect the proposed special-use would have on the value of neighboring property and on this City's overall tax base;

(D) The effect the proposed special-use would have on the public utilities and on the traffic circulation on nearby streets; and

(E) Whether there are any facilities near the proposed special-use (such as schools or hospitals) that require special protection.

40-10-28 ACTION BY CITY COUNCIL. The City Council shall act on every request for a special-use permit at their next regularly scheduled meeting following submission of the advisory report by the Board of Appeals. Without further public hearing, the City Council may approve or disapprove the special-use permit by an ordinance passed by simple majority vote of all members then holding office. In a separate statement accompanying any such ordinance, the City Council shall state their findings of fact, and indicate their reasons for a special-use permit. **(See 65 ILCS Sec. 5/11-13-1)**

40-10-29 TEMPORARY USE PERMITS: PROCEDURE FOR. As set forth at **Section 40-3-7**, requests for temporary use permits shall be treated in the same manner as requests for special use permits. The Board of Appeals shall issue no temporary use permit for a period longer than **one (1) year** but may renew any such permit as they see fit.

DIVISION V - AMENDMENTS

40-10-30 AMENDMENTS. The City Council may amend this Code in accordance with State law and the provisions of this Section. Proposed alterations of district boundaries or proposed changes in the status of uses (permitted, special, prohibited) shall be deemed proposed amendments. Amendments may be proposed by the City Council, the Board of Appeals, the Plan Commission, the Zoning Administrator or any party in interest. **(See 65 ILCS Sec. 5/11-13-14)**

40-10-31 FILING. Every proposal to amend this Code shall be filed with the Zoning Administrator on a prescribed form. Every amendment proposal shall also be filed with the Soil and Water Conservation District pursuant to State law. The Administrator shall promptly transmit the proposal, together with any comments or recommendations he might wish to make to the Board of Appeals for a public hearing. **(NOTE: Filing fee required.)**

40-10-32 PUBLIC HEARING - NOTICE. The Board of Appeals shall hold a public hearing on every amendment proposal within **sixty (60) days** after said proposal has been submitted to them. At the hearing, any interested party may appear and testify, either in person or by duly authorized agent or attorney. Notice indicating the time, date, and place of the hearing and the nature of the proposed amendment shall be given not more than **thirty (30)** nor less than **fifteen (15) days** before the hearing:

- (A) By certified mail to the applicant; and,
- (B) By publication in a newspaper of general circulation within the City.
- (C) By first-class mail to all owners of property contiguous to the property affected by the proposed amendment. **(See 65 ILCS Sec. 5/11-13-14)**

40-10-33 ADVISORY REPORT -FINDINGS OF FACT. Within **thirty (30) days** after the public hearing, the Board of Appeals shall submit their advisory report to the City Council. The report shall state the recommendations of the Board of Appeals regarding adoption of the proposed amendment and their reasons therefor. If the effect of the proposed amendment would be to alter district boundaries or to change the status of any use, the Board of Appeals shall include in their advisory report findings of fact concerning each of the following matters:

- (A) Existing use and zoning of the property in question;
- (B) Existing uses and zoning of other lots in the vicinity of the property in question;
- (C) Suitability of the property in question for uses already permitted under existing regulations;
- (D) Suitability of the property in question for the proposed use;
- (E) The trend of development in the vicinity of the property in question, including changes (if any) which may have occurred since that property was initially zoned or last rezoned.

40-10-34 ACTION BY CITY COUNCIL. The City Council shall act on every proposed amendment at their next regularly scheduled meeting following submission of the advisory report of the Board of Appeals. Without further public hearing, the City Council may approve or disapprove any proposed amendment or may refer it back to the Board of Appeals for further consideration by simple majority vote of all the members then holding office.

40-10-35 WHEN TWO-THIRDS MAJORITY VOTE IS REQUIRED. The favorable vote of at least **two-thirds (2/3)** of the members of the City Council is required to pass an amendment to this Code in each of the following instances:

(A) When passage would be contrary to the recommendation of the Board of Appeals.

(B) When the amendment is opposed, in writing, by the owners of **twenty percent (20%)** of the frontage proposed to be altered, or by the owners of **twenty percent (20%)** of the frontage immediately adjoining or across an alley therefrom, or by the owners of **twenty percent (20%)** of the frontage directly opposite the frontage proposed to be altered.

40-10-36 NOTICE TO APPLICANT OF WRITTEN PROTEST. In cases of written opposition to an amendment of this Code as prescribed in **Section 40-10-35**, a copy of the written protest shall be served by the protester or protesters on the applicant for the proposed amendment and a copy upon the applicant's attorney, if any, by certified mail at the address of such applicant and attorney shown in the application for the proposed amendment.
