The Irwindale Chamber of Commerce Means Business:

The Irwindale Chamber Legislative Business Affairs Committee utilizes the Irwindale Chamber's platform to determine which legislative, regulatory and governmental issues the Chamber should support or oppose. They inform legislators of the Chamber's positions. This committee also works to keep the members of the Chamber informed and educated on issues facing the business community by having forums for our businesses to meet and hear from our legislators.

The Irwindale Chamber of Commerce has been instrumental in the formation and development of the San Gabriel Valley Legislative Association of Chambers. Fourteen Chambers of Commerce have approved a regional Legislative Platform. This allows the Coalition to send letters to our legislators on behalf of the Chambers and our respective members.
