

1Gig Internet

POWERED BY **Mediacom**

The **Future**
Is **Now** in
ILLINOIS

\$1 BILLION

The amount of private capital Mediacom is investing over three years (2016-18) to upgrade its fiber-based network and deliver 1Gig broadband internet to nearly all service areas. The resulting high-capacity network will bring digital services to more communities; deliver fiber-based communication services to more commercial interests; and deploy community Wi-Fi access points in high-traffic public areas.

409,658

Illinois homes passed by Mediacom's fiber-rich digital network - border-to-border.

348 Illinois communities

where Mediacom will launch 1Gig broadband service in the spring and early summer of 2017, making new-generation internet service widely available in non-urban areas.

28 The seconds it takes to download a two-hour HD movie (3-gigabyte file) with 1Gig internet speed.

11 Number of times Mediacom increased residential internet speeds or added faster speed tiers over the past 15 years.
