

Pediatric Sleep Disordered Breathing Parent Presentation

Do you have a child who struggles with ADD/ADHD, restless sleep, bedwetting, snoring, aggressive behavior, chronic allergies, frequent headaches, crooked teeth, daytime drowsiness, or swollen tonsils and adenoids? We invite you to join Dr. Claire Stagg for a very informative Parent Presentation that will explore symptoms and solutions for Sleep Disordered Breathing (SDB) in Children. Thursday, November 9 at 6:00 PM held at Health Connections Dentistry, 2120 Highway A1A Indian Harbour Beach, FL 32937. Please register at www.SmileProfessionals.com/pedsdb If you have additional questions, please call the office at (321) 777-2797 to reserve a space. Don't miss this exciting opportunity to change your child's life!
