Public Works Departments

Subject: Limb collection

Date: May 20, 2024

Crews will be picking up limbs from the recent weekend storm. Limb pickup will begin Tuesday, May 28, 2024, and will continue throughout the week.

Collection will be made from the curbside only at residences.

Reminder: To make collection easier and to limit possible damage to yards, please stack the limbs parallel “*the same direction of the curb*” and as close to the curb as is possible. Collections cannot be made in alleys due to space limitations for equipment and other risk factors.

The City also has a free collection site for citizens to haul their own brush/limbs on West 2nd Street (past Hope Cemetery) near the 2nd Street Dam.

No items such as furniture, tires, etc. are accepted.

Thank you for your patience.
