

Horizon Award:

The Horizon Award honors a new Chamber member who is involved in Chamber activities, such as serving on a committee, regular attendance at Chamber functions, contributing time and talent to the Chamber. It's an individual to which we will be looking for leadership in future years.

This year's recipient is early in his career but has already become incredibly involved in the community. He is currently on the Chamber Board, interacting with Chamber members in that way. At his workplace, he serves hundreds of clients and goes above and beyond for them. He is incredibly kind and always has great ideas. Our community will be lucky to hang on to him. This year's recipient for the Horizon Award is Jacob Boyd – Edward Jones Investments (Main Street Office)
