MESSAGE FROM THE PRESIDENT

Fellow Chamber Members,

Foremost I would like to wish everyone a prosperous New Year. To me, this is the most exciting time of the year as a business owner. It is time to review the past and set goals for the upcoming twelve months.

The same applies for any organization such as our Chamber of Commerce. The new board is looking forward to build and improve the state of our local economy and will work hard to make this year very successful for all. During the general meeting we are going to present our scheduled events and tasks that we need help with. Do to the fact of all volunteer positions in our organization, we depend on everyone to participate as much as they can.

My personal goal for our Chamber is a growing membership by attracting more businesses to town, keep and support current membership by promoting our area in an optimistic way as a unified group and organize unique and exciting events throughout the year for local residents and visitors alike.

I know times are still tough, however I believe that hard work with a positive attitude towards our goals will pay off sooner than later.

Promise yourself to participate in one of our committees or tasks this year, and you will be amazed on the progress we can achieve as a team.

Make it a lucrative month, and happy goal setting!

Marcel Flukiger

MEMEBERSHIP RENEWAL

For most members it is time to renew. We are pleased to announce the fees to stay the same in 2013. For \$75 per year you will receive all benefits of our Chamber of Commerce. Please keep in mind that we have a mutual agreement with the Conifer Chamber of a 10% discount if you are a member of the other Chamber.

Please renew your membership at www.bailey-colorado.org or pick up a paper application at the next general meeting. Thank You!

BUSINESS OF THE MONTH

Carrie Marsh Insurance, Inc.

gene@carriem.com

We have lived in the area for over 30 years and have owned businesses in Bailey for over 15 years and feel that it is the best place on earth!

Gene's company, E.L.M. Plumbing & Heating Service, Inc. is a 24-hour company because emergencies don't happen just between 9 and 5! E.L.M. services all of your plumbing and heating needs. Broken pipes, furnaces not working, hot water heaters, propane to natural gas conversions, in-floor-heat systems and winterizing homes are just a few of the services E.L.M. provides. Gene gives senior discounts and has some of the lowest rates in the mountains! The feedback we get from clients is "He's just a really good guy!", and that's why his business continues to grow, primarily through referrals and loyal past customers. E.L.M. continues to be in the top running for Best Plumber by readers of the Fairplay Flume each year.

Carrie Marsh Insurance Inc. is also is 24-hour business. Carrie says she is probably the only agent in the state who forwards the office phone to home when she leaves the office. She has been in the insurance industry for twenty five years and founded her agency in 1997. She has been voted Best Insurance Agent by readers of The Flume consistently. Carrie offers a full line of personal and commercial insurance and is always happy to discuss insurance with a client in a manner that helps them realize where their risks lie, what the coverage is that addresses those risks and the cost of alternatives. "Consumer education is a big part of my business" she says.

Carrie and Gene are both active in the community. They believe that if you own a business and expect your community to support your business, you must also support your community. They believe that the client comes first and that the only thing you take with you is your reputation. They believe in the value of your word and a handshake. "We know that's 'Old School', but then, we're getting old! That's the kind of values with which we were raised and they mean something."

Carrie and Gene Marsh

BUSINESS HIGHLIGHT

Nancy Lipinski has been a CPA for 22 years and has operated her own CPA firm for the past 15 years. A graduate of Miami University in Oxford, Ohio, with a double major in Accounting & Finance, and an MBA from Eastern Michigan University, Nancy has worked in the accounting field all of her professional life. She has substantial experience helping growing businesses handle their many accounting and business challenges; she also continues to work with individuals to prepare their annual tax returns and resolve related tax issues.

Nancy's firm, Lipinski Accounting & Tax Services, LLC, provides individual tax preparation and tax planning, as well as consulting, tax planning and tax preparation for small businesses. Nancy continues to service many of her Minnesota clients as she develops her local client base here in Colorado. Nancy is a Quickbooks Professional Advisor and has worked with many businesses to structure their accounting systems and provide tax and business consulting services. Through her extensive network of business professionals, she can provide her clients the accounting and financial services they need or, if appropriate, refer them to other qualified local specialists.

While she was practicing in Minnesota, Nancy was a founding member of a program in her city of residence called "BUY Chanhassen" which made the public aware of services that are available locally and encouraged support of businesses within their community. Nancy was also a founding board member of the Friends of the Chanhassen Library and the Victoria Lions Fastpitch Association. These are a few of many programs Nancy participated in and as a member of her local community. In recognition of her professional and community efforts, the Chamber conferred their annual *Business Person of the Year* award on Nancy in 2003.

On the personal side, Nancy and her husband, Matt, relocated to Bailey last year. Their daughter, Susie, resides in Boston, MA. Matt is a company executive and Susie works as a Sales Planning coordinator for Keurig, the single shot coffee people. Nancy and Matt are thrilled to be living in the Bailey area and are excited to be part of this vibrant Colorado community.

"I look forward to working with the many business people in our community to keep it growing and prospering!"

Nancy S. Lipinski
