Adjourn

Fellow Chamber Members,

What a gorgeous month of September we had up here in the Platte Canyon Area, and the glowing aspen leaves were just spectacular. I don't remember any other year where we had more visitors to see the colors up on Kenosha pass. Hope you all were able to get additional exposure before we enter the rather long winter season, as it snows the first time this fall.

For me and hopefully all of you this is a sign to start planning new ways to market your business during our slow time as well as thinking ahead to strategize and set goals for the next calendar year. This economy has now been in a

slump for several years and it does not look to turn around very quickly. There are still opportunities out there that we are going to capture with a smart marketing plan.

A few months ago we talked about several ways of advertising and we would like to follow up on one of the most effective and undercapitalized vehicles we have, our Chamber website. We will spend some time during the meeting on Tuesday to discuss our options to increase exposure and create more return of investment for everyone. We hope to see you all there and we would like to get your input. Make it a lucrative month.
Marcel Flukiger

**EYE CONSULTANTS
OF COLORADO**

Preserve, enhance, and perfect the vision of our mountain community

Welcome to Eye Consultants of Colorado, your vision source. We combine experience, advanced technology and a genuine attitude of caring to make your visit with us unmatched in the mountain community.

With the help of our friendly, well trained staff, our eye specialists, Drs. Morris and Rogers,

bring a new level of clinical care and customer service to our patients. We strive daily to provide the ultimate comprehensive vision care, ranging from annual eye health exams to emergent medical treatment. We also offer a full service optical specializing in the latest specialty eyewear and a wide range of contact lenses that are well-suited for our particular mountain environment.

BUSINESS OF THE MONTH

Artists Co-Operative

River Canyon Gallery

The River Canyon Gallery was founded in 2010 as a program under the umbrella of the Cultural Council of Park County. This local group of artists, sponsors of the arts, support from the Platte Canyon Area Chamber of Commerce and a Small Steps grant from the Colorado Council of the Arts, opened the gallery doors in May 2010. The River Canyon Gallery artists represent a vast cross section of art and fine craft in media ranging from oil, watercolor and acrylic painting, photography, leatherwork, beading, jewelry, blacksmithing, wood carving and turning, weaving, knitting, sculpture and pottery. Each artist brings a unique and creative style to the gallery that contributes to its overall character. In addition to the contributions that each artist provides to the River Canyon Gallery, many participate in art shows regionally, state-wide, and beyond.

**“Join now and RCG will wave the Annual Membership Fee”
for newly juried in artists between now and December 1, 2011**

FITNESS TIP

The cooler days are here. If you have been getting more fit throughout the past few months, the next few months will be easier to handle. Getting good with using your muscles allows you to handle weather extremes better, by increasing your blood circulation, which also helps your heart get stronger. It also helps you from slipping on ice or loose gravel/dirt, improves your balance, and makes your mind sharper than it already is.

I would like to congratulate Phil Heath (phillipheath.com) of Arvada, CO for being crowned the new Mr. Olympia, bodybuilding's highest award. He won this prestigious award September 17th in Las Vegas where the contest is held annually. He did this by creating a better body than the previous 4 time Mr. Olympia, Jay Cutler (no relation the football player). Check out his website. This crown was Arnold

Schwarzenegger's claim to fame years ago.

Did you know that exercise increases testosterone levels and an enzyme called nitric-oxide synthase (which dilates blood vessels and subsequently increase blood flow)?

Men, take heed. And the increased blood flow is good for all, hence the ability to deal with cooler weather.

Try this. Sit in a chair and contract your whole body as hard as you can, including making a tight fist and get up. Practice this more and more and watch how easy it gets to get out of your chair.
