 bined Mixer September 29th*

Chamber Committee Reports:
Destination Bailey

Speakers / Presentations
Lee Phillips
Adjourn

As we say goodbye to the hot summer days we enter my favorite time of the year in the foothills. Generally we have some dry and comfortable days in September to explore and enjoy the beauty of our area. Occasionally you hear some elk bugling and the it won't be long before the leafs are turning to give us a spectacular sea of gold. The business community is welcoming the travelers from near and far using the 285 corridor to access the spectacular fall setting on Kenosha pass and the area in general.

The project at McGraw Park still needs your help, there still some dates available to finish the trails on Morrow Mountain. Please check in and sign up. Congratulations to the

River Canyon Gallery and their expansion in Rustic Square. The gallery looks beautiful and shows off the great talent of our local artist. Make sure you pay them a visit soon.

We are looking forward to our general meeting on Tuesday, 9/13, 7:30am at Crow Hill Fire Station where we learn about a possible tax benefit for Park County business owners. Lee Phillips will make a presentation to explain. Don't miss this one! We hope to see you at our combined mixer with the Conifer Chamber at Deer Creek Valley Ranch, the beautiful new events center in Bailey on Thursday, 9/29, 5-8pm. Make it a lucrative month, Marcel Flukiger

NEW FEATURE OF THE 285 HUSTLER

The 285 Hustler is publicizing events and activities each week!

Send your events and activities to allgraphics@evergreenco.com

Deadline: Wednesday at 5:00pm prior to publication

Must be 40 words or less, must be a free event, or an event that profits a charity or a community cause.

Aspen Park Wine and Spirits Celebrates 15 Year Anniversary

Aspen Park Wine and Spirits has been proudly serving Conifer and the 285 Corridor for decades. For the past 15 years, Mike Schoniger has owned the popular wine and spirits store.

"We're proud of our personalized and friendly service, competitive prices and wide selection of beer, wine and spirits," Mike says. "We pack as much product as we can into our small store. You can find Colorado wines, local microbrews and all the well-known brand favorites." And, of course, there are always specials, like Tuesdays, when you get 10 percent off all wines and champagnes.

"We feel fortunate that our customers have been loyal to us even during these tough economic times. While we love the tourists, campers and hikers who come through town and stop in, being a part of the 285 Corridor community from Morrison to Bailey is important to us and we try to support local events whenever we can," Mike says.

With easy access off Highway 285, you can't miss the burgundy-colored canopy of Aspen Park Wine and Spirits. In the summertime, the hanging flowers invite shoppers to stop in. Some come with their dogs and Mike says he's even had one customer who brought her pet duck shopping with her. "We want our customers to enjoy shopping here so we try to make it a place where they feel comfortable," he says. That's why he keeps dog treats on hand. He smiles and adds that he's working on the duck treats.

It seems that customers appreciate the friendly atmosphere. They come looking for wine and spirits for all kinds of holidays and occasions: Thanksgiving, Christmas, Valentine's Day, football games, graduations, weddings, anniversaries and birthdays. The store carries something for everyone and is always prepared to make recommendations. And if you can't find what you're looking for, just ask and it will be ordered for you.

Over the years, Mike notes that customers have come by horseback, snowmobile, bike, and carriage. "However they get here and whatever the occasion, we always appreciate their business," he says.

BUSINESS OF THE MONTH

PARK COUNTY SHERIFF'S DEPARTMENT – Sheriff Fred Wegener – The mission of the Park County Sheriff's Office is to provide honest and reliable service to its citizens. This is accomplished through professionalism, respect, integrity, dedication, and excellence.

The men and women of the Park County Sheriff's Office provide a unique service to the community that demands an unparalleled degree of public trust which will never be compromised.

PLATTE CANYON FIRE PROTECTION DISTRICT was formed as a volunteer organization in 1947. In 1980, it was established as a District. The District's original mission was to protect homes and businesses from fires. Since that time, our mission has expanded considerably to keep up with our community's incredible growth. Today we provide the community with a wide range of high quality emergency services and this demand for service increases 45 percent with tourists passing through our District. Our services include protection from damaging and deadly fires; basic life support and medical assistance, chopper landings for emergency services, educational and training programs in fire and personal safety for our firefighters and community (especially at our public schools); CPR classes; wildland mitigation programs; swift water and ice rescue; mutual structural and wildland trainings between six surrounding fire departments.

Exercise is Fun...Part 2

For those of you that already started to workout, are you having fun yet?

Are you laughing at what you can do? Are you laughing at what you cannot do?

If you are, then you have the right attitude.

Your attitude makes all the difference in the world. If you feel like you're having fun, then you will be.

Keep a positive attitude and you will benefit quicker from its' effects.

Look forward to your playtime and give it your best. Soon your best will be better.

For those of you that have not started to better your health and fitness,

reprioritize your life and you can make it happen (just think how good you could be).

To your health and fitness.

REMEMBERING SEPTEMBER 11, 2001

The September 11 attacks were a series of four coordinated suicide attacks upon the United States in New York City and Washington, D.C. on September 11, 2001. On that morning, 19 terrorists from the Islamist militant group al-Qaeda hijacked four passenger jets. The hijackers intentionally crashed two planes, American Airlines Flight 11 and United Airlines Flight 175, into the Twin Towers of the World Trade Center in New York City; both towers collapsed within two hours. Hijackers crashed American Airlines Flight 77 into the Pentagon in Arlington, Virginia. The fourth jet, United Airlines Flight 93, crashed into a field near Shanksville, Pennsylvania after passengers attempted to take control before it could

reach the hijacker's intended target in Washington, D.C. Nearly 3,000 died in the attacks. In May 2011, after years at large, bin Laden was found and killed. The destruction caused serious damage to the economy of Lower Manhattan. Cleanup of the World Trade Center site was completed in May 2002. The National September 11 Memorial & Museum is open 10 years later. Adjacent to the memorial the 1,776 feet One World Trade Center is estimated for completion by 2013. The Pentagon was repaired within a year, and the Pentagon Memorial opened, adjacent to the building, in 2008. Ground was broken for the Flight 93 National Memorial in November 2009, and the memorial was formally dedicated on September 10, 2011.
