

WOMEN
IN
BUSINESS
SOUTH UTAH COUNTY

The mission of the South Utah County Women In Business is dedicated to advancing the success of enterprising women by providing a platform on which their specific concerns and challenges can be addressed proactively.

Our goal is to sponsor progress and education to all women in our community through networking leadership and support initiatives with emphasis on the empowerment of women to promote personal and professional growth through friendships and business relationships.

Women all share a universal thread. We are caretakers, mothers, daughters, wives and friends. Let's all work together to enlighten others and provide future generations of women the opportunity to live and prosper in this community.
