Leadership 2012

A Professional Development Training Program

**Leadership | Team Building | Communications | Business Practices
Community & Regional Awareness**

The Chamber of Commerce held its first Leadership Training Program in 1985. Since then, over 900 students have graduated from the program. Leadership 2012 is designed to give local and regional participants an opportunity to develop the leadership skills necessary to achieve success in their career, family and community. Fun volunteer and leadership challenge "extra curricular" activities help to immerse you in our communities.

Over the course of three months, participants will attend orientation and seven one-day sessions (8:00am -5:00pm) covering topics from Leadership and Team Building to Communications and Community History. Each session is held at a different location in the Grand Cities. The program ends with a graduation ceremony.
