Community leaders spent a day at the Pentagon visiting with Air Force Undersecretaries for Intelligence Surveillance and Reconnaissance and Installations and the Vice Chief nominee for the Air Force. The status of current missions, base infrastructure and a new mission were all talking points during the productive discussions.

Chamber Receives Base Retention Grant

The ND Department of Commerce awarded The Chamber \$250,000 for the biennium for the Mayor's Base Retention Committee efforts. The money will be used to explore, evaluate and pursue new mission opportunities at GFAFB and assess current and future base infrastructure as it relates to mission recruitment and retention. The Mayor's Committee meets monthly and includes: Mayor Bochenski; Air Force Civic leader Bruce Gjovig, ACC Civic Leader and Chamber CEO, Barry Wilfahrt; Chamber MAC Chair and State Senator, Scott Meyer; and County Commissioner, Dave Engen.

Team GF already making preparations for 2025 Legislative Session

Planning for the 2025 legislative session has already started. UAS infrastructure, base retention funding, UND infrastructure, state funding for Twining school, additional funds for the Discovery Center are all on the radar at this early point. Meetings with local legislators will take place in April and December of next year and the Chamber is planning to take a delegation to Williston and Tioga in mid-July to meet with Western ND leaders and see what is happening in the oil industry out west.

EGF EDA Planning Session Yields EGF Plan for Future Growth

Helping existing East Grand Forks Businesses expand and developing resources to address community issues such as housing, workforce, child care and quality of life were identified as the top two priority areas for EGF. Success will be defined by growth in the tax base and increasing sales tax receipts, population growth, more housing starts and growth of business establishments. The chamber working with the EGF Economic Development Authority is developing an aggressive “to do” list for 2024-2026 to make these things happen.

See the full report funding jointly by the EGF Economic Development Authority and The Chamber at this link. [LINK](#)

Special Thanks to Gary Shields

The Chamber would also like to thank long time Grand Forks/East Grand Forks Business man Gary Shields for visiting many EGF businesses over the past year. We appreciate him sharing their input both at the public meeting and privately with Chamber leadership. Several changes for the 2024 Chamber plan will be made because of Gary’s input.

CHAMBER NEWS

Recent Sales Tax Vote a huge boost For Quality of Life

By a 2/3 majority Grand Forks Voters passed the extension of a $\frac{3}{4}$ sales tax to fund a variety of quality of life initiatives including ongoing upgrades. The regional market capture analysis and geofencing led by the Chamber right before the pandemic evidenced just how important major event facilities are for the local economy. Quality of life amenities continue to be one of the key factors in workforce recruitment which continues to be the number one issue facing local businesses. Congratulations to the City and Park District on this victory.

Next fall voters in East Grand Forks will vote on a sales tax increase for several park district facilities that will also add to quality of life opportunities for area resident. The MN Legislature approved putting this proposal to EGF voters during the 2023 legislative session.

The positive momentum continues in GF/EGF!!!

2022-2023 Representative Senior 4-H member award

Ben Romuld and Mercedes Hoverson are the recipients of the 2022-2023 Representative Senior 4-H member award for their involvement in leadership responsibilities, observable gains in personal development, active participation in 4-H events and activities, acquisition of presentation skills learned through talks, reports and demonstrations, along with committee and group involvement during their total 4-H career.

Pictured, Jon Rentz, Alerus, Ben Romuld, Joe Fietek, Ultima Bank

Ben Romuld, since beginning with the Sabercats 4-H Club in 2011, this member has gained invaluable knowledge, skills and experience that will continue to benefit him and others well into the future. Participating in many events at the club, county and district level, he has exhibited many items at the state level as well. Community service projects include time at the Women's Pregnancy Center, St. Joseph's Social Care, Valley Eldercare and the local Food Bank. He has participated in Project Expo, Funworks, Follies (performing as well as building props), Speech and Demo Events, Basketball Party (as a member of championship teams in 2016 and 2017!), Consumer Choices, the Grand Forks County Fair (as an exhibitor and volunteer), and the Potato Bowl Parade.

Pictured, Jon Rentz, Alerus, Mercedes Hoverson, Joe Fietek, Ultima Bank

Mercedes Hoverson has been an active participant in 4-H since 2016. During most of those years, she has been an officer of the Hazenbrook Colts 4-H Club, including such positions as President, Vice President, and Treasurer. She has always been a natural leader but 4-H has definitely helped her to fine tune her skills in leadership, communication, and many other skills important to life in general. At meetings, she has been very active with helping younger members with projects and has also volunteered to help with activities at 4-H day camps. She has also participated in many other county activities throughout the years. Some of these include Project Expo, Communication Arts, Follies, Tractor Safety Camp, the Basketball Party, Awards Banquets, Community Service Events, the County Fair, and the State Fair. These events have had a very positive effect on her attitude, self-confidence, and her performance in academics and sports, as well. Participating in the Grand Forks County Fair has always been the highlight of her 4-H year.

MEMBER NEWS

We are thrilled to announce the promotion of two exceptional individuals within our U.S. Bank team in the Grand Forks area

Kim Newman

Firstly, we would like to congratulate Kim Newman on her new role as branch manager at our downtown location. With 8 and a half years of experience with U.S. Bank, Kim has proven herself to be a valuable asset to our company and a familiar face for our customers at the downtown Grand Forks branch. Her recent position as Client Relationship Consultant has provided her with extensive knowledge and understanding of our customers' needs, making her the right fit for this role.

Kim is known for being family-oriented and loves spending time with her loved ones. She has been with her significant other for 10 and a half years and has 6 grand kids, all boys, with a 7th on the way. She also has a shepherd\husky mix dog that is 5 years old and enjoys taking him to the dog park, doggy daycare, and to her parents lake cabin. Christmas is her favorite time of the year. Kim is outgoing, a very happy person, and loves life.

Chelsey Gunville

Additionally, we would like to extend our congratulations to Chelsey Gunville on accepting the role of branch manager for our Grand Forks 13th and Columbia location. Chelsey's passion for delivering outstanding customer service combined with her strong leadership skills make her an excellent fit for this position. With Chelsey at the helm of this branch, we are confident that it will thrive under her guidance.

Chelsey was born and raised in Grand Forks, ND. She is a proud wife and mom; she has a 7 year old son and an 11 month old daughter. She enjoys spending her time with her family, going to her family cabin on Maple Lake in the summer and puzzles. Chelsey has also fired up her student hat and taken on some college courses so her schedule is quite busy.

Once again, we would like to express how pleased we are with these promotions within our organization. We believe that both Kim and Chelsey will continue to represent U.S. Bank's values of integrity, excellence, trustworthiness, teamwork, and diversity in their new roles.
