**FOR IMMEDIATE RELEASE**

**AZALEA HEALTH INNOVATIONS, INC. RELEASES AZALEA<sup>SM</sup> EHR**

**Valdosta, GA — October 25, 2011** — Azalea Health Innovations, Inc. is proud to announce the release of their cloud-based Electronic Health Records system, Azalea<sup>SM</sup> EHR. Azalea<sup>SM</sup> EHR is a suite of Azalea<sup>SM</sup> Health systems that includes Azalea<sup>SM</sup> EMR, Azalea<sup>SM</sup> PM, Azalea LabHub<sup>SM</sup>, Azalea<sup>SM</sup> PHR, Azalea<sup>SM</sup> eRx, and Azalea<sup>SM</sup> Pre-Cert. Azalea<sup>SM</sup> EHR is the latest product developed by Azalea Health Innovations, proving themselves as a company that is continuously on the cutting-edge of medical technology. By using the ONC-Certified Azalea<sup>SM</sup> EHR, physicians who are Eligible Providers can easily meet the guidelines for ‘Meaningful Use’ and can benefit from the Medicare and Medicaid EHR Incentive Programs.

The Azalea<sup>SM</sup> EHR system works seamlessly to allow the user to operate their paperless practice with the continuity and confidence that have become the hallmark of Azalea Health Innovations. The simple, web-based Azalea<sup>SM</sup> EHR encompasses the entire spectrum of a medical practice from scheduling, charting, e-prescribing, billing, online CPOE, online personal health records and Meaningful Use certification. Azalea<sup>SM</sup> EHR features a dashboard that easily tracks how close the provider is to meeting ‘Meaningful Use’ requirements. Azalea<sup>SM</sup> EHR also provides patient education and a secure messaging system between the patient and his/her provider(s) that is fully HIPAA compliant.

Azalea<sup>SM</sup> EHR is an affordable solution for the healthcare community because there is no need to purchase additional hardware or software. “We designed Azalea<sup>SM</sup> EHR to make the process of meeting Meaningful Use as easy as possible”, said Baha Zeidan, CEO of Azalea Health Innovations. “Our company is committed to developing the best software possible while keeping it financially accessible to every type of practice and physician. Because Azalea<sup>SM</sup> EHR is web-based, implementation of our systems is cost-effective and simple.”

**About AHI:**

Azalea Health Innovations, Inc. is a leading provider in cloud-based electronic health records software (EHR), practice management software (PM), and revenue cycle management services (RCM). Azalea products provide continuity that unifies both the medical and financial aspects of today's healthcare provider. The simple, web-based Azalea<sup>SM</sup> EHR encompasses the entire spectrum of a medical practice from scheduling, charting, e-prescribing, billing, online CPOE, online personal health records and Meaningful Use certification. The agile software development method that Azalea Health employs allows the company to respond to customer feedback and industry standards at a rapid pace. Azalea products have the ability to accommodate multiple specialties and any size of practice, from solo physicians to hospital systems. Azalea<sup>SM</sup> RCM service boasts a 98% accuracy rate, drastically reducing claims denials and protecting the fiscal health of healthcare practitioners. Implementing Azalea systems is effortless due to the simplicity of the products and unlimited access to expert customer service. For more information on Azalea Health Innovations, please visit [www.AzaleaHealth.com](http://www.AzaleaHealth.com) or call (877) 777-7686.

**Forward-Looking Statements:**

Except for the historical information contained herein, the matters set forth in this press release, including the description of the company and its product offerings, are forward-looking statements within the meaning of the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially, including the risk and uncertainties inherent in the early stages of growth companies, the company's need to raise substantial additional capital to proceed with its business, risks associated with competitors, and other risks detailed from time to time in the company's most recent filings with the Securities and Exchange Commission. These forward-looking statements speak only as of the date hereof. The company disclaims any intent or obligation to update these forward-looking statements.

**Disclaimer:**

This Azalea<sup>SM</sup> EHR is 2011/2012 compliant and has been certified by an ONC-ATCB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services or guarantee the receipt of incentive payments.
