

Grand Opening of The Residences At Five Points

The Residences at Five Points, a new apartment community located in historic Five Points, held its official debut on Thursday. Events included a catered lunch, guided tours, and a ribbon cutting ceremony assisted by Mayor Fretti and Chamber President, Myrna Ballard. The grand opening event marked Phase One completion of the project.

Conceived by the Valdosta-based development firm Ambling Companies Inc., “The Residences at Five Points” is a local triumph considering the company’s shrill perseverance during a challenging economy. The newly-constructed community is also achieving recognition from local government officials for creating economic opportunity in an area of town otherwise marked by decline. Already, the City of Valdosta has slated the Five Points neighborhood for a future multi-million dollar project that will be anchored by a new municipal auditorium. In addition, the 264-unit community has been steadily attracting residents to the resurging neighborhood since leasing efforts began just a few months ago.

The community’s ENERGY STAR-rated one, two, and three-bedroom apartments offer impressive accommodations were open for tour throughout the event. Guests experienced deluxe amenities including the resident conference center, iPod compatible fitness equipment, tanning capsule, media theater, game room, resort-style pool with waterfall, bocce ball courts, toddler playground, car care center and pet park areas.

Sustainable construction initiatives including the photovoltaic (solar) panels were on display as well.

As head of daily operations, Ambling Management Company had been anticipating these ceremonies since construction on the property began in February of 2010. “This was indeed a proud occasion for our company and especially for the people of Valdosta who have witnessed a restoration of this special area. We will continue to welcome our Valdosta friends and neighbors to stop in any time to find out more about sustainable construction and the conveniences of modern living,” stated Hugh Hodge, Senior Vice President, Ambling Management Company.

The Residences at Five Points is located at 100 Garden Drive and open Monday through Friday 9am to 6pm, Saturday 10am – 4pm, and Sunday 1pm – 4pm. Walk-in’s are welcomed to tour the designer-furnished model home and resident amenity center.
