ATTORNEYS AT LAW

June 1, 2011

Dear Editor,

As someone invested in the Valdosta-Lowndes County community for more than 12 years, I was honored to be asked to serve as the 2011 Chairman of the Valdosta-Lowndes County Chamber Board of Directors. My company realizes that being a Chamber member is not only good for our business but beneficial to the business community at-large.

Joining the Chamber is a great thing to do, but do you really know everything it communicates about your business? Research shows that being active in the local chamber of commerce is an effective way to convey to consumers that you utilize good business practices, are involved in the community, care about your customers and are reputable.

The Chamber is holding its membership drive this month. If you are not a member, I strongly encourage you to give them a call. Find out what being a Chamber member is really about, moving our members and the Valdosta-Lowndes County business community forward.
