VALDOSTA, GA – The Drugs Don't Work in South Georgia program (Drug-free Workplace), is a great opportunity to save 7.5 percent on Workers' Compensation Premiums.

“The basis of this program is to minimize or eliminate substance abuse in the work force,” said Keyara Hamilton, Workforce Development Director.

The Valdosta-Lowndes County Chamber of Commerce offers members helpful resources and information to help them in the workplace.

The Valdosta Chamber partners with the Adel-Cook Chamber of Commerce, Ashburn-Turner Chamber of Commerce, Douglas-Coffee Chamber of Commerce, Lakeland-Lanier Chamber of Commerce, Moultrie-Colquitt Chamber of Commerce, Quitman-Brooks Chamber of Commerce, and the Worth County-Sylvester

Hamilton says the reason the Valdosta Chamber partners with rural chambers is so that they'll have a bigger impact regionally instead of locally.
