The **VALDOSTA-LOWNDES COUNTY STREET MAP & RESOURCE GUIDE** is one of the most effective marketing tools we offer our members. It is the only map endorsed and distributed by the Chamber. This is a great opportunity for people who are struggling to grow their business and bring in new clients, as well as for those who are committed to making a contribution to their community.

The map is a vital tool for marketing our area to visitors, new residents and new businesses or relocating businesses. Thousands of copies of this map will be distributed over the next 2 years and will also be available online at the Chamber website.

Since 2004 we have partnered with **CommunityLink**, the industry leader in Chamber publishing. **CommunityLink** has a dedicated team of professionals working to provide us with a map that proudly represents our area.

Our project consultant, **Charlie Rogers**, will be visiting members to share the opportunities for marketing your business in this publication. Ads are available in a variety of sizes and prices, so if the map is a good fit for your marketing strategy, we can find a fit for your budget as well.

I encourage you to participate in this publication to give your business exposure to chamber members, newcomers and new businesses.

Call Charlie Rogers at 800-455-5600 Ext. 2007 or email him at charlie.rogers@communitylink.com to reserve your space before it's too late.
