

Leadership Principles

PASSION

A Leader must have an overwhelming passion to serve... to work is a privilege and to serve others is an honor!

JUDGMENT

A Leader always does the "right thing" but may not always do things right.

CARING

Leadership is that magical blend of the head and the heart... no one cares how much you know until they know how much you care!

ACCOUNTABILITY

A Leader takes responsibility for his/her actions as well as the actions of those they lead.

EARNED

A Leader is never entitled.

HUMILITY

Self-importance is the enemy of Leadership.

PERSISTENCE

Leadership is a marathon not a sprint.

COURAGE

Without Courage there can be no Leadership.

RESULTS

A Leader is nimble, flexible and has a desire to do whatever it takes.

HONESTY

Honesty, not political correctness, is the hallmark of a Leader.

TEAM

The needs of the organization and those being led far outweigh the needs of the Leader.

GRATITUDE

A Leader frequently gives credit and thanks too many people.
