

UTILITY SAVINGS PROGRAM

"By taking a proactive approach to buying your utilities, you can better control your energy costs, which are normally the biggest overhead expense after labor costs."

-Mindy Curry, Chamber Member, Program Participant

It's very time-consuming for any company to research, obtain and compare bids from a variety of utility suppliers and have the confidence they've found the best cost saving opportunities. That's why forward thinking companies are turning to a new, better and FREE method to ensure they've received the best options available.

We will work with you to:

- Access Your Needs and Requirements
- Share Strategies and Insights
- Answer All Your Questions
- Estimate Your Monthly Savings

Ready to see HOW MUCH you can save?

Just send us a recent utility bill for each service you would like us to provide you with a FREE, NO COST, NO OBLIGATION cost savings analysis!

If you have any questions, please contact our office at 419.877.2747 x3.

CONSERVATION IS CONTAGIOUS. PASS IT ON.
