## Nuclear Forensics: Science and Policy for a Safer World

with **Dr. Stephen LaMont**

Los Alamos National Laboratory and University of New Mexico

Join us for an enlightening discussion with Dr. Stephen LaMont as he delves into the critical intersection of science and policy in nuclear forensics. Learn how this field shapes a safer world by thwarting the threat of nuclear terrorism. Discover the pivotal role of nuclear forensics in identifying and tracing illicitly acquired nuclear materials and its contribution to enhancing global nuclear security. Don't miss this opportunity to gain valuable insights into a pressing global issue.

TICKETS CAN BE PURCHASED AT [NUCLEARMUSEUM.ORG](http://NUCLEARMUSEUM.ORG) OR AT THE DOOR
