Hello!

As you are aware, COVID-19 has completely altered our way of life and how every aspect of our culture and society is slowly shifting to a virtual form of functioning. We at Intercept Security have become concerned with how this transition can be affecting children as they are now having to continue their education online. We know that for some students this transition will be very difficult due to the lack of supplies and access to various electronic devices. And we at Intercept have a desire to do something about it!

We are creating a School Supply Drive, in which we will collect school supplies and equipment to distribute to local community groups, schools, and churches. If you are able to donate anything, we have patrol drivers available to pick up supplies at your location. We are hoping that you would choose to partner with us by donating any school supplies that you have or are willing to purchase.

Advocacy on behalf of our Chamber members is one of the key services provided by your Government Relations Committee. Each month members review legislation, evaluate candidates and initiatives to determine the impact on the members of our Chamber. When appropriate, the Committee, at the direction of the Board, will engage in advocacy at the local, regional, or state level. We are the voice OF and FOR business!

Rancho Cordova Luncheon - August

Virtual Event

12:00 PM - 01:00 PM PST

Join the Rancho Cordova Chamber and the Cordova Community Council for a VIRTUAL community luncheon. While we are unable to gather, you'll still get community and business updates, and hear a terrific speaker!

This month is no exception! Joining us will be U.S. Congressman Ami Bera, M.D.. What an opportunity to hear directly from those making decisions impacting us all during this challenging time.

Please consider ordering take-out or delivery from one of our local restaurants. This is the perfect opportunity to show support for our small businesses! A list of those open is on the home page of the chamber's website. RanchoCordova.org
