This Western themed Gala will be co-hosted with Saving the West Foundation (STWF). Proceeds will go to benefit STWF programs. SWTF is dedicated to educational programs that foster understanding and collaboration between people living in densely populated cities and those who live and work on the land. SWTF's mission is Bridging the Urban/Rural Divide Through Education. The Ed Center is a community-based afterschool tutoring program focusing on science, technology, engineering, arts, and math programs for underprivileged youth in the Greater Crenshaw community
