Share Ourselves

Share Ourselves is celebrating a Re-Grand Opening and Ribbon Cutting Ceremony for their Mission Viejo Location. Share Ourselves is a Federally Qualified Health Center dedicated to delivering comprehensive health and support services to the community at large, serving 14,000 unique patients annually. Their mission is to provide care and assistance to those in need and act as advocates for systematic change. Regardless of insurance status, Share Ourselves warmly welcomes individuals and families, prioritizing their physical, mental and emotional well-being. They offer a range of services including comprehensive primary care services for all ages from infants through seniors, Integrated behavioral health services that are embedded within our primary care services to help support health goals and barriers when needed, comprehensive dental care services for all ages including children and adults and eligibility service staff provide assistance with applications for insurance plans and other public programs that the individual may qualify for based on their family size and household income.

Share Ourselves has been operating a small clinic at the Mission Viejo location since September 2019. As more space became available in 2022 and the demand for services continued to increase, Share Ourselves made the decision to lease and renovate the additional space expanding from 4 medical exam rooms to 8 medical exam rooms and adding dental services including 2 dental chairs.

A Ribbon Cutting Ceremony will celebrate the expansion of their services and location space, furthering their commitment to serving the community of Mission Viejo.
