The 2026 Community Impact Banquet is an evening dedicated to celebrating the people, partnerships, and programs making a real difference in Stewart County. Hosted by the Stewart County Prevention Coalition, this event brings together community members, leaders, and supporters for a night of connection and purpose. Guests will enjoy a shared meal, participate in both live and silent auctions, and take part in recognizing individuals and organizations who are actively strengthening our community.

Proceeds from the evening support local initiatives, including programs that provide direct assistance to individuals and families in need. From supporting recovery efforts to investing in prevention and outreach, this event helps fuel the work happening on the ground every day.

For those looking to make an even greater impact, sponsorship tables are available for \$200 and include reserved seating for six. Early commitments help us continue planning and expanding the reach of this event.
