Business Sponsorship Form**

The Chamber’s tournament has a reputation for being one of the most “fun” tournaments of the year. That’s made possible by the active participation from our sponsors. We encourage the business sponsors to take “ownership” in their hole by having someone present to greet the golfers. Represent your business by setting up a table or pop-up tent with your banner and promotional items on the golf course. Host a raffle, run a contest, or play a game with the golfers. The more creative you can be the better. Providing food or beverages is a sure way to get them to remember your business.

***Important additional COVID-19 2020 Comments:*** *Although we encourage interactive participation, to aid in minimizing the spread of the COVID-19 virus, we ask that all items and activities be conducted by a member of your staff, by following your company’s guidelines. All food and drink products must be available in a single serving portion- NO SELF SERVING. All materials used for games and activities on the course are strongly encouraged to be considered a “one time use”. A good example of this way of thinking would be if you were conducting a guessing game. Instead of having three pens that sit on the table that will be used by others, provide every person who participates a personal pen provided by your company for them to take after they have made their guess. Helpful tip: tuck their guessing slip under the pen clip and hand them both out at the same time! Remember to bring disinfectant spray/wipes though, and anticipate guessers to pick up the canister. If you have any questions, or need a creative brainstorm session, please feel free to reach out to our office.*

**Sponsorship forms are due at the Chamber office no later than Wednesday, July 22nd.**
