Thank you for “Keeping Wildlife Wild”

Florida Wildlife Hospital

We are a non-profit organization dedicated to Florida’s native wildlife in need. We are here 365 days per year to assist sick, injured or orphaned native or migrating wildlife with the goal of releasing them back into the wild.

In 2018, almost 5000 animals were assisted by our facility. We are permitted through state and federal agencies but receive no government funding.

In its 6th year, HOOT in the Park has developed into a major event in Melbourne each year. Last year, we drew our largest crowd of over 800 with over 25 different vendors. We look forward to expanding on these results in 2019!
