Please remember...

VEHICLES IN YOUR CAMPSITE: Campsites are designed to accommodate one or two licensed vehicles (INCLUDING TRAILERS). Additional vehicles must be parked in the overflow parking area near the park museum.
To reduce resource damage, please park **within the parking pad** for your campsite ONLY.
Check-out time is 12 noon.

DOWNED WOOD is a natural part of the forest floor. **Please do not gather downed wood;** leaving it in place promotes native plant growth, animal habitat, and nutrient rich soil.

Bears commonly explore campgrounds in the high Sierra looking for food. Metal bear-resistant lockers are provided in each campsite. All food, beverages, and toiletries are required by law to be stored in provided food lockers, unless being consumed or prepared for consumption. The inside dimensions of the food lockers are approximately 30" deep, 44" wide and 21" high. **PLEASE TAKE NOTE: Any food left out while not being consumed or prepared WILL result in citation (CCR Title XIV 4323(b)).** Bears can become habituated to human food and they then must be destroyed. **Help save the bears - store your food properly!**

AVOID A CITATION:
Store your food and ice chests!
