### Cultivating Farmers: Computing 101 Workshop for Farmers and Producers

1051-D Augusta St., Dawson, Ga 39842

February 22, 2024

9:00 am – 2:00 pm

This workshop provides **HANDS-ON** training for individuals who have little or no experience using the computer. People who have little or no experience using the computer will work in the **NEW USER** group. Such topics as turning on and logging in, creating and saving documents, email and using the Internet safely will be covered. For people who have some experience but want to learn more will join the **BEGINNER** group. Such topics as managing attachments, basic spreadsheets, joining groups, completing online forms, videoconferencing, and Internet safety will be covered. Participants will learn to search for information that is helpful for your business with emphasis on NRCS and USDA program sites. In this hands-on session, you will receive **individual assistance and support**.

**Registration is required. Enrollment is limited to 20 people. If needed, additional sessions will be scheduled.**
