NATIONAL SMALL BUSINESS WEEK

For the month of May, the Chamber of Commerce celebrated National Small Business Week, a week dedicated to celebrating small businesses and all they do for our communities. We promoted the week on all of our media platforms and shared how some of our Members were celebrating the week, and our amazing Ambassadors delivered goody bags to our small business Members as a token of our appreciation.

CHAMBER ATTENDS GACCE BOARD RETREAT

Katie Moncus serves as the Region 7 representative for the GACCE Board. The GACCE Board held its annual Board Retreat in Augusta this year. During the retreat the board had the opportunity to tour the Georgia Cyber Center. "It is an honor to serve as the regional rep, this group has been in the chamber world many years and has a wealth of knowledge. Acting as a sponge to bring take aways back to our community is key" states President, Katie Moncus.

COMMUNITY HEALTH NEEDS ASSESSMENT UNDERWAY

In partnership with the University of Georgia College of Pharmacy and the University of Georgia Archway Partnership, the Washington County Regional Medical Center has begun the 2019 Community Health Needs Assessment. The Community Health Needs Assessment is an opportunity for the community to provide input and information which helps identify health needs, assets and resources for the service area of WCRMC through voluntary surveys. Surveys will be available online and in paper form. Links to the online survey will be available on the websites for Washington County Regional Medical Center and the Washington County Chamber of Commerce, and will also be shared on social media. Paper copies of the survey will be available at WCRMC, the Chamber of Commerce at 603 S Harris Street, the Sandersville Progress, Community Health Care Systems offices and various locations throughout the community. For more information, please contact Dave Flanders, COO, Washington County Regional Medical Center at 478-240-2312 or Conni Fennell-Burley, Archway Professional, at 478-552-3288.
